NEWS FROM THE SAVS Student Services Team

AEAs

As we are entering a new semester if any students have AEAs (Alternative Exam Arrangements) please ensure your Course Co-ordinators are aware of these now (not at the end of the semester).

Grade Point Average (GPA)

It is a Program Rule for Veterinary Bioscience and the Doctor of Veterinary Medicine that students maintain a cumulative GPA of 4.0. Students can view their own GPA through Access Adelaide.

EMS

As most of you are aware we have been changing the administrative processes around EMS to create an online more streamlined system. **Sonia** is the student placement system and we are aiming for all forms to be completed through Sonia. We have developed a series of User Guides for Students on how to use **Sonia** and will be running some information sessions for students this semester. Stay tuned for the dates.

Good luck for this semester.

School Student Service Team
Email: animalvetsci@adelaide.edu.au

Welcome back, we hope you had a good break and are ready for Semester 2. We would like to welcome the newest staff member to our team, Emmica Schlobohm. Emmica is the new Academic Support Officer, she is replacing Mardi Wheaton (Mardi is working at the Waite Campus in Ag, Food and Wine for the next 12 months). Emmica is responsible for timetable clashes, exam related matters and the contact for Animal Science students (for study plan advice & 3rd year electives). she can be contacted through animalvetsci@adelaide.edu.au.

STUDENT REPRESENTATIVES

Our School based committees continue to meet on a regular basis. Remember we have student representatives on many committees so if you have any issues you would like to raise please speak to your relevant student representative.

SELTS

Thank you to all students who completed SELTs (Student Experience of Learning & Teaching) in Semester 1. Your feedback is valuable and we appreciate you taking the time to complete them. Course Co-ordinators will be preparing a summary of the feedback received which will be reported back to the relevant Program Management Committee (i.e. Animal Science, Vet Bioscience, DVM). They report what worked in the course, what didn't and how they are going to improve their course for next time based on the feedback received by students.

Please email any contributions for the Roseworthy Student Newsletter to Rebecca at

rebecca.dunbar@adelaide.edu.au

In Memory "Erin Paige Murray"

The commencement of the semester last year was a very difficult time for the campus, with the sad passing of DVM I student Erin Murray.

This prize was accepted by Erin's family at the Schools end of year prize and awards ceremony.

Erin was a classmate and a friend to many and her death has impacted staff and students significantly.

A proposal from AWAG last year included a recommendation that some kind of fauna box be placed on campus in memory of Erin.

It was clear that Erin had a passion for wildlife and had made a significant contribution to the Adelaide Wildlife Appreciation Group (AWAG) in her time at the Roseworthy Campus.

In accordance with this suggestion and given Erin's commitment and passion for wildlife we have placed the following boxes in trees along the walkway, adjacent to the library.

Last year, Erin received the inaugural "Wildlife Achievement and Encouragement Award" for 2014 – a prize presented by AWAG with the support of wildlife veterinarian Wayne Boardman to a student that demonstrates the most enthusiasm for wildlife.

There are four boxes located in separate trees – they have been placed approximately five to six metres high.

SMALL PARROT BOX

KOOKABURRA BOX

BRUSHTAIL POSSUM BOX

BAT BOX

We are hopeful that this is a fitting way to honour Erin's passion for animals and wildlife and the contribution that she made to others during her time here at the Roseworthy Campus.

Our hope is that the fauna boxes would attract some different species into the heart of the campus and provide a shelter for the animals that Erin loved so much.

It may also be a place where those closest to Erin find some peace as they reflect on her life and connect with wildlife.

Rest in peace Erin.

STUDENT SUPPORT AND DISABILITY ADVISOR

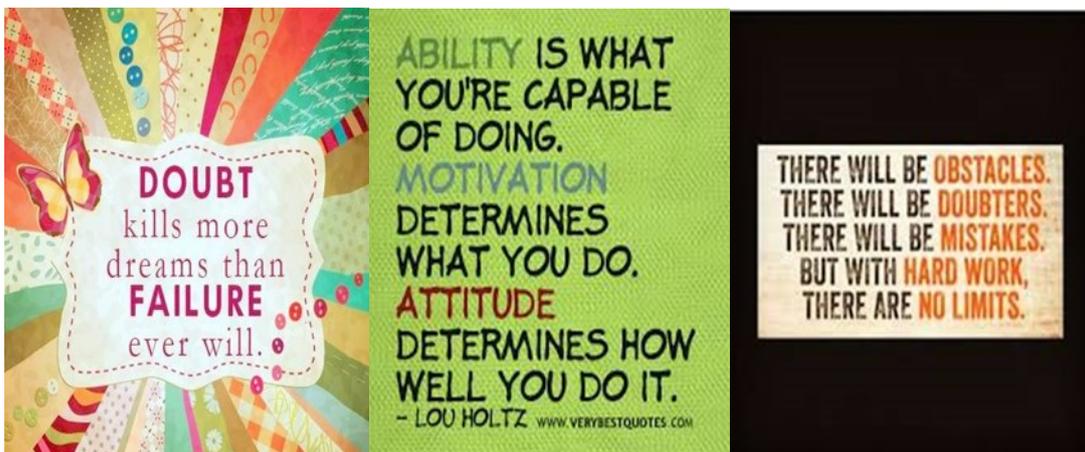

Welcome back for Semester 2! It seems hard to believe that we are half way through the year already! I hope you've returned feeling refreshed, motivated and enthusiastic to reach your goals and achieve your best. Remember motivation is what gets you going and habit is what gets you there! Just in case you need some inspiration for the start of the semester here are some quotes that I hope inspire you.

If you need some assistance to start the semester on the right track visit our website to access these free self-help resources:

- ◆ **Managing Stress and being a Successful Student.**
- ◆ **The Perfect Procrastinator**
- ◆ **Effortless Exams**
- ◆ **Managing Exam Stress**
- ◆ **Time Management**
- ◆ **Study Tips for succeeding at University**
- ◆ **Getting back on the study track**

https://www.adelaide.edu.au/counselling_centre/resources/

THE DISABILITY SERVICE

Have you got a medical condition that impacts on your studies? Do you need support to manage this condition and your studies? If so, maybe you should register with the Disability Service.

The Disability Service can help you manage ways to accommodate your disability whilst at Uni so you can focus your energies towards your studies. We not only look at physical or practical assistance, but we also look at ways to improve study habits in the University environment. If you're worried about your privacy, please don't be. We value your privacy. Our strong commitment to confidentiality supports all students that we assist.

What types of disabilities do we support?

Student disabilities can include a wide range of issues:

- Learning disabilities* (such as dyslexia, dyspraxia or writing and reading difficulties)
- Medical conditions* (such as Crohns Disease, Chronic Fatigue Syndrome or other physical issues)
- Mental illness* (an anxiety disorder such as OCD or PTSD, depression, bipolar disorder or schizophrenia)
- Sensory impairments* (vision or hearing)
- Mobility issues*
- Brain injury* (such as strokes or injuries caused by accidents)

Disabilities and conditions do not have to be permanent. We assist students with temporary medical issues such as those caused by sporting accidents (a fractured limb).

How can the Disability Service assist you?

We can work out ways that you can fulfil the expectations of your studies whilst maintaining the required academic standards. Sometimes people can feel overwhelmed about being faced with these expectations. Remember, it is not about avoiding these expectations, it is about working with them.

Some of the ways we can help

- Loan equipment
- Negotiating adjustments
- Assistance and confidence to approach lecturers
- Alternative exam arrangements
- Referral to other services

If you think you may be eligible for this service please visit our website <http://www.adelaide.edu.au/disability/> or make an appointment to see Sally Polkinghorne.

Registrations for Alternative Exam Arrangements must be made by 25/9/15

STUDENT SUPPORT/COUNSELLING

The Counselling Service is **free** and confidential and is available to all enrolled students seeking to address issues that may be affecting their study and life.

Sally is available for appointments on Mondays, Thursdays and Fridays. Appointments can be booked by emailing Sally, at sally.polkinghorne@adelaide.edu.au, or contacting Rebecca Dunbar at the Student Services office, or by phone on 8313 7812.

If you have an appointment with Sally please come to the Student Services office in Roseworthy College Hall and let the staff know.

Email: sally.polkinghorne@adelaide.edu.au

Web: www.adelaide.edu.au/counselling_centre/

Café

The University of
Adelaide Club

North Terrace, Adelaide SA 5005
Phone: +61 8 8303 3077
Fax: +61 8 8303 6913
Email: events@adelaide.edu.au

Please contact us if you have special dietary needs such as Gluten free, Lactose intolerant or vegan for example. We are able to look after your needs throughout the day!

Pre-order and save time at the café.

Want to be on our daily 'What's for lunch' email? Just contact us through the Roseworthy email address or see us in the café.

We are able to assist any organisation on campus; quotes for events held on campus are welcome!

Pre-order your lunch and never miss out! (Sandwiches, baguettes etc orders by 10:30am if possible)

For assistance from the café please contact Cath Frankel 8 313 7815 or email: roseworthy.cafe@adelaide.edu.au

Student Care

Education and Welfare Officers

8313 5430

studentcare@adelaide.edu.au

Education and Welfare Officers are able to provide advice, support or information on; academic complaints, grievances and student rights issues, accommodation assistance, loans and small grants, information and referral for any issue which affect a student's ability to study, as well as Centrelink, taxation and legal assistance.

An Education and Welfare Officer will come to Roseworthy to meet with you or accompany you to any academic meeting that you need to attend if necessary.

CENTRELINK PAYMENTS

– STOP PRESS

As of 6 August we have been advised of a change in rules relating to part time loads ie less than 9 units per semester. If you are studying part time and have had advice prior to 6 August please contact Student Care to check your eligibility for Centrelink payments.

EQUAL ACCESS GRANTS

Available **NOW** for first year students who are experiencing difficulty meeting the educational expenses required for their program. Please see the Scholarships website for further information.

An application form is available from Student Care or the Union Office at Roseworthy. An interview with an Education and Welfare Officer is required please contact Student Care to make the appointment.

The Walter Dorothy Duncan Trust provides financial assistance with educational costs for students who do not have sufficient funds to further their studies, including projects of merit i.e. exchange trips or to purchase necessary resources. This grant is only for continuing students who have completed at least one semester at the University of Adelaide and who have demonstrated academic merit. Grant amounts vary **depending on need**, and availability of funds.

UNSATISFACTORY ACADEMIC PROGRESS

Notifications regarding academic progress will be sent to students in the next couple of weeks. If you receive a letter please make contact with Student Care to discuss your situation and find out what support is available to you, for the rest of your academic career.

An Education and Welfare Officer will be visiting Roseworthy on the 19th August for appointments between 11 am and 2pm.

Contact Student Care for information and appointments by calling 8313 5430 or email studentcare@adelaide.edu.au

Lost Property

If you have lost or misplaced any of your property note where and when then visit the Security Office as soon as possible.

Please hand in any lost items you find to the Security Office or to a Security Officer.

Residents, please also check with the College front office in Roseworthy College Hall.

For more information, see www.adelaide.edu.au/security/students/lost.html

Student Associations and Special Interest Groups

For more information about Student Associations and Special Interest Groups within the School of Animal and Veterinary Sciences visit

www.adelaide.edu.au/vetsci/current-students/associations/

RACSUC Student Association

After the success of **O'Week** and **RO'seball** at the beginning of the year, the RACSUC committee recruited four additional members in order to make the rest of the year just as great. Wesley Halse, Mara Hoeborgen, Tobi Learney and George-Henry White were voted on to the committee. We would like to welcome them on to the team, thank them for their contributions already made and we look forward to working with them for the rest of the year.

We ran two **pub nights** in Semester 1 to our Gold sponsors the Willaston Hotel. Attendance at these was mixed, with great attendance to the first night and a disappointing turn-out to the second night. Then we turned our attention well and truly towards **Re-O'Week**, our celebration during the first week of Semester 2.

Re-O'Week overall was a great success. We ran three events over the week: Hen's and Buck's on the Monday night, an 'Anything But Clothes' party on the Wednesday night, and a country pub crawl on the Thursday night. The biggest success of the week was probably the Hen's and Buck's on Monday night. We trav-

elled up to Wasleys where a mock wedding ceremony was held in the Institute Hall to join two of our eager first year residents in holy matrimony. Attendance at the event was above and beyond what we expected and everyone had a great time. We once again congratulate the bride and groom, Imogen Geh and Mitchell Crago. Also we thank the Wasleys pub for hosting us as well.

Wednesday night was also a great night with some very impressive costumes on show- all without any traditional clothes. Thursday night was also a success with good attendance on the pub crawl and awesome support from the pubs we visited. Thank you to the Freeling Hotel, Ridley Arms Hotel in Wasleys, Leitch's Roseworthy Pub and the Willaston Hotel.

We have two major events left for the year. **Charity Ball** will be held on the Thursday of Week 6 (**3rd of September**) after the College Formal dinner for this term. This year we will be raising money for a very topical issue- mental health- by donating the profits of the night to Beyond Blue. If anyone would like to donate something for the

Roseworthy
Agricultural Campus

Student Union Council

raffle, then please let us know! Theme and more details TBA. Additionally we are beginning planning on the **Waite vs Roseworthy football match**. We will once again host the match, **likely on the Wednesday of Week 10** (15th of October), after the mid-semester break. Get excited for one of the biggest nights of the year and support the footballers and netballers as we build on last year's success!

Christopher Smith
RACSUC President.

Industry Night—6th August

It's that time of year again when we all want to know why are we working so hard? What do we do AFTER uni? We Industry Night is here to answer those questions!

Bought to you by AVSA for all School of Animal and Veterinary Science students this night will have companies and individuals for all areas of the industry with freebies, as well as information about the fields they work in an how they or their company may be involved in your future!

A FREE BBQ DINNER WILL ALSO BE PROVIDED BY THE UNION FOR EVERYONE

This year the set up is a bit different: all industry representatives will have a chance to do a 15-20 mins speech and will then be available to answer questions afterwards at our speakers table. Some companies will also have stall set up to hand out goodies, run activities and answer questions.

See you there!

- 6:30pm Zoetis, Bibber
- 6:45pm Royal Canin, Rimfire
- 7:00pm Hill Science, Linert Nutrition
- 7:15pm Bbraun, HPS
- 7:30pm Accell Therapy, IDEXX
- 7:45pm Greencross, Mary Barton
- 8:00pm Inghams

AVSA Student Association

The second semester for the year has arrived and has brought with it many exciting AVSA events and many fond memories of the recent functions!

For membership information, please contact Sarah Nicholls at

sarah.nicholls@student.adelaide.edu.au

The **Pub Crawl** last term was a huge success, with many members and non-members donning this year's t-shirt with the winning logo design and heading into the city for a night of fun (not all of it alcohol-induced, we assume!). The pub crawl student t-shirt design competition will likely be opened to students again next year following an influx of amazing designs during this year's contest! Thank you to all who entered, hopefully you will get another shot to enter next year.

Industry Night and the **Suture Workshop** are well on their way, so we hope to see many of you on the night to listen to some interesting talks, meet some of the leading graduate employers and refine your suturing skills.

The major event coming up is the annual **AVSA Vet Ball** on the **15th of August**. This year we have an Arabian Nights theme, so we hope to see a few people dressed up for the event! We have also shifted the location closer to home, at the Hilton Hotel in the CBD. Entertainment on the night will include a DJ, photographer and a prize ceremony for the winners of each year level's 'best lecturer!' (Plus a surprise performance!). Vet Ball gets bigger and better every year, so we are excited to see everyone enjoying themselves on the night.

After Vet Ball we will begin preparations for the **Revue** which will hopefully be just as entertaining as it was last year. We are also getting organised for the **Vet Student Conference** to be held in Adelaide early next year—there are more details on their way but it's looking amazing so far!

AVSA is always interested in opinions from our classmates, so if you have any opinions or suggestions, please pass them on to your student representative. Hope to see you all at the upcoming events!

-AVSA

The poster for the Vet Ball 2015 'Arabian Nights' event features a vibrant, fractal-like background in shades of orange, red, and green. At the top left is the Hill's logo, and at the top right is the AVSA logo. The text 'Hill's & Present' is written in a stylized font. The main title 'Vet Ball 2015' is in large, white, serif letters, with 'Arabian Nights' below it in a similar font. Below the title, it says 'Over \$120 in value! Includes; A 3 Course Meal, 5 Hour Drinks Package Plus DJ & Photographer!'. In the center is a golden genie lamp. At the bottom, a black oval contains the event details: 'When: Saturday 15th of August 2015', 'Time: 7:00pm 'till Late', 'Where: The Hilton, Adelaide CBD', 'Price: \$80 for members, \$100 for non-members.', and 'For available rooms & dietary requirements, please contact Jay Suri'. At the very bottom, it says 'PLUS; After Party in the Collins Bar!'.

The University of Adelaide Equine Special Interest Group

A re-cap of the year so far:

We've had a great turnout for events so far. One of the busiest days was Hoof Care Day held in term 2:

ESIG's annual Hoof Care Day was held on May 30. The day kicked off with a session in the anatomy lab with farrier Ben Pollock and Dr Robin Van Den Boom. Students were provided with equine distal limbs to dissect. This was a valuable opportunity to revise the unique anatomy of the equine lower limb and hoof and how it underpins the understanding of clinical problems in this area. After a barbeque lunch, we moved on to sessions with members of the SA Master Farrier Association looking at aspects of hoof care with live horses. These included demonstrations of hoof trimming and shoeing, and students were given the opportunity to practice removing shoes. Hoof Care Day is always a highlight on the ESIG calendar, particularly as the workshops cater to students from all degrees and year levels. We are grateful to the staff and farriers who gave their time to help make the day a success.

Semester 2 events:

Dentistry Day

Ever wanted to learn more about horse teeth? Want to get ahead and learn some 5th year work? **This Sunday (9/08)** ESIG is putting on a great day where members will learn the theory behind caring for horse teeth with guest speakers Mike Cathcart and Denis O'Leary. They will then break for lunch before students are able to watch a demonstration of what was taught in the morning as well as having the opportunity to participate. Make sure to be there and purchase a ticket for only \$5 (\$10 non-members). Hurry, as places are filling.

Equine Muscle Day

We will again have Alastair Brooks from Victoria over to show us some of his amazing techniques working with horses' musculature system. Alastair will give a lecture in the morning followed by a practical session in the afternoon where he will demonstrate some of his practical techniques. This was new event last year and we hope it will be as popular as it was last year.

ESIG Semester 2!

ESIG has had an action packed semester 1 and we would like to follow up with some more awesome events for semester 2!

Are you interested in signing up for membership for semester 2?!

Contact Alex Hibbard (alexander.hibbard@student.adelaide.edu.au) to find out how!

Rural Practice Day—Sunday 22nd August

What? Enjoy a day full of fun with:

- ◇ Equine tendon scanning
- ◇ Farrier guest speaker
- ◇ Bull breeding examinations and cattle spaying with Dr Andrew Hoare from South East Vets
- ◇ Udder exams, CIDR insertion and AI techniques with Dr Liz Pryor from Boehringer Ingelheim
- ◇ PIRSA talk on government positions
- ◇ Activities with our production team!

Cost: \$25 which includes access to the day, BBQ + Salad Lunch and Dinner

Location: Rosie campus

Attention all PASIG and ESIG members!!!

Emails regarding tickets have been sent out, please respond ASAP as limited places remain.

Production Animal Special Interest Group

A student's Introduction to Pigs, and Pig Club—Lizzy Davey

Four years ago I was introduced to the Roseworthy Piggery as part of the Animal Husbandry and Handling curriculum. Growing up as a 'city girl' with a love for animals, this introduction could only be described (to this day) as traumatizing. Being a particularly warm day, my nose and throat burnt whilst I covered my ears in shock at the incredible noise. I had never seen the magnificent size of a sow before; in fact I don't think I'd had any introduction to pigs in my life other than 'Babe'. After the stench removed itself from my pores and clothes, I swore I would never work with pigs, in pig production industries, or experience pigs in any way again. These animals were so large; they had human-like features, and are known to be highly intelligent. The piggery environment had scared me forever, and I was terrified of these animals.

In July, my good friend Belinda Halliwell approached me, to ask whether I wanted to join Pig Club, as part of the Production Animal Special Interest Group at the University of Adelaide (PASIG). Thinking this was nothing short of a cruel joke I of course signed up to help her. The objectives outlined the current need for an environment in which students could be introduced to pigs, as an alternative to intensive production systems, and outside the academic assessment environment. With

her assurance I wouldn't have to actually touch the pigs, I was inspired by her passion to provide students with a 'softer' introduction to these animals.

The key aim of this club is to provide students a positive experience with pigs, to inspire them, and to show them how 'cool' pigs really are. Opportunities for students to experience being involved in pig related activities, whilst forming positive relationships between both the animals and industry professionals from within, and external to the University, is integral to the Pig Club's aims. After working with Belinda, and the student supervisors I was amazed by their dedication, and honestly could not support this project enough. If this was an opportunity when I was in first year – my aversion to pigs might have not been so severe.

Pig Club is a fantastic opportunity for students to learn more about pigs, their natural behaviors, breeds, nutritional requirements, common diseases, cognitive skills, pig showing and of course improve their animal care and pig handling skills in a non-academic environment. It also serves as a great platform for networking with industry and creating a positive presence and linkage with the wider community.

A very big thankyou to our sponsors (Pork CRC, Australian Pork, Laucke Mills, SchuAm Pork, Lienert Australia, Gawler landscaping supplies, and the

University of Adelaide) for their generous contributions and time supporting Pig Club. With their help and the devotion of Belinda and the student supervisors they have managed to put together an incredible environment (aka. Piggy Hilton), and opportunity for students to show the animals they've all put much time and effort into at the Royal Adelaide Show this September with the Pig Show team (which will expand upon the existing Steers and Intercollegiate Meat Judging teams.) Pig Club members are currently attending training for pig showing, clicker training, handling practice, behavioral learning and observations, field trips, educational sessions on disease, and general husbandry practices.

We look forward to the Pig Club dinner at the end of the year, and hope fellow students will come and support us at the Show this September. If anyone is interested in Pig Club, find us on Facebook: PASIG Pig Club, or contact myself (Lizzy Davey) or Belinda Halliwell.

Adelaide University @ the National Merino Challenge 2015

This year, the University of Adelaide set up its first team to participate in the annual National Merino Challenge. We trained and registered 11 students for the event, which was held at the Adelaide Showgrounds from Saturday 9th May to Sunday 10th May, with secondary and tertiary education students from around Australia participating. This competition has been running for three years now, each year at a different location, and focuses on three key aspects of the Merino industry in Australia: Wool, Breeding, and Production.

We trained over 2 days, prior to participating in the competition.

These days were run with the help of Phil Hynd, Wayne Pitchford, Haylee Clifford, Octavia Kelly, and the use of

Roseworthy facilities. We looked at wool quality and pricing, sheep visual qualities and condition, breeding selection, and calculating nutritional needs. These training sessions were valuable in building the team and gaining knowledge and skills.

The competition involved seven activities focusing on wool, breeding, and production, as well as an additional career's panel activity that gave students interested in livestock and the sheep and wool industry a chance to investigate what sort of job opportunities would be available in the future and the most effective way of pursuing them. During the competition, stalls were set up from various companies in the industry to talk to students about future opportunities. We also got the opportunity to hear a talk from Steven Read from Michell's about their processing plant in Salisbury, which was extremely interesting and beneficial.

The students and industry members were invited to a dinner on Saturday evening, which gave us a great chance to interact with people from other schools and universities that had similar interests as well as talking to people within the industry.

During the dinner, we received a talk from Shannon Warnest (world champion shearer) who talked about how his shearing abilities progressed over the years and how he adapted to changes in the industry.

After the competition ended, awards were given out to the top scores. The competition was divided into secondary and tertiary sections, with awards given to the top schools, top scores in each division (wool, breeding, production) and top overall score. Caitlin Berry, a student and member of the Adelaide University team, received the top score in the Breeding category, which is an amazing achievement. Caitlin says of the competition, "It was a great experience being able to meet people within the industry and to learn more about the many techniques of processing wool."

The National Merino Challenge was a great experience for the students of the Adelaide University team and we look forward to participating in the competition in future years.

Participants from back left: Royce Pitchford, Carolyn Mitchell, Holly Crighton, Joshua Cousins, Caitlin Berry, Kate Collins, Johanna Aldersey, Aimee Bush, Haylee Clifford (coach), Jordan Bush, Octavia Kelly (coach)

Roseworthy College Netball

We have three teams playing in various grades of the Monday night competition at STARplex, Gawler in 2015. The games are quick, the competition is (somewhat) fierce and laughs are endless. Although we don't routinely train and our skills may not be as fine tuned as some of the other teams, we love to be out on the court and begin our week on a high. Sport is such a fantastic stress reliever and allows all of the ladies to form new friendships, take a break from study and have some fun on and off campus.

Unfortunately the season is already underway for 2015, but we are always happy to hear from new recruits to join trainings or to be kept on a fill-in roster.

For any further enquiries please contact Chelsea Smart (Vice-President): chelsea.smart@student.adelaide.edu.au

Keep an eye out for the ever popular MIXED netball tournament - taking place later in the year at Roseworthy Campus!

FUNDRAISING

We currently have a Cadbury Chocolate Drive going on campus - you may have seen the familiar chocolate boxes around! The profits from these sales allow the club to heavily subsidise netball playing fees and continue to support ladies wanting to play netball for Roseworthy College.

Thank you for your support!

City to Bay—Roseworthy Campus Team

Staying healthy and active is part of balancing uni life so why not challenge yourself this semester and join us on the City to Bay walk/run on Sunday September 20th!

This year we are encouraging students and staff from across the Roseworthy Campus to participate in the 'University of Adelaide with The Blacks' team as they walk or run from North Terrace to Glenelg. The Blacks are offering a fantastic half price entry for the first 250 people who buy their \$20 '2015 City-Bay team package' before 7 August. The pack includes a singlet, prizes to win and a 12-week training program for people to follow at your own pace.

Normal entry price for the race is \$50 and \$45 with concession for the 12km. By partnering with The Blacks this year you will receive the singlet, training program and half price entry, that's totalling \$45 for adults and \$42.50 for students!

For more details of The Black's offer and how to purchase the pack and to receive the half price entry code see their website <https://theblacks.com.au/Common/Event.aspx?EID=2369>

As there are thousands of participants in the race, Roseworthy Campus runners and walkers can meet together in the city prior the race start and then all met again in Glenelg at the finish line.

Whether you take up The Blacks offer or just register yourself, if you would like to meet up with others from campus on the day, and/or be part of regular training leading up to the race, email Nora Henry

nora.henry@student.adelaide.edu.au

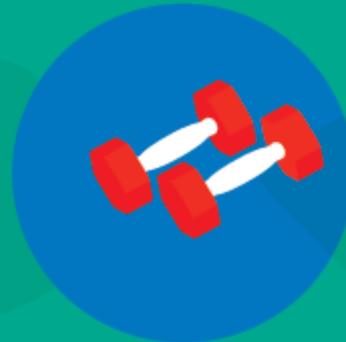

More general information about the event is available on the City to Bay's official website.

New Gym

The new gym in the Student Union Building is currently under construction and is expected to open end of August.

Opening end of August

The banner features a blue geometric background with the text "Online Career Ready Modules" in white. Below the text are three devices (laptop, tablet, and smartphone) displaying the "Career Readiness" interface. The laptop screen shows a navigation menu with "Introduction", "Employer Perspectives", and "Take Action". The tablet and smartphone screens show content related to "Career Readiness - Graduate Perspectives".

Online Career Ready Modules

Available Semester 2, 2015

CAREER PLANNING

Explore decision making and equip yourself with career planning skills

ADVICE

Discover insights from employers and hear insider knowledge from graduates

ACCESS

View on any device and discover content at your own pace

SUBSCRIBE

Gain priority access when the first module is launched: <http://tinyurl.com/careers-olm>

The Careers Service have developed the first of a series of online Career Readiness modules. The first module is available now.

This module will give you access to career planning materials, employer perspectives and graduate advice. The 60 minute module has been developed by the Careers Service.

For any first year students who are new this semester, you will already have access to the course on MyUni. For everyone else across any year level wishing to access the modules, follow this link to request access (<http://tinyurl.com/careers-olm>)

Have your say - Sustainability at UoA

What does campus sustainability mean to you?

How can we collaborate and innovate across a number of areas to future proof the University for generations to come? We want to hear from you!

See the Ecoversity team from 10am to have your say and receive a lucky dip prize!

Tue 25 Aug

Roseworthy College Hall
