

NEWS FROM THE APO

We are almost at the mid semester break and when you return, there will only be three weeks of teaching left before swot vac and exams. In those three weeks, we will be running various SELTs - the usual course SELTs (and the occasional Teacher SELT) as well as Program SELTs. The idea of the Program SELT is for you to tell us about the entire year by looking at the "big picture" of how things have fit together (or not). We will run Program SELTs in one week and Course SELTs in another to try and minimise the confusion between the two (and spread out the joy of SELTs that little bit longer!).

As usual, we appreciate all your feedback. Results will be discussed at the School's annual Teaching Retreat in December so that if we need to make changes, we have opportunity to do so before the next teaching year.

This week is the visit to the School (and Campus) by the Veterinary Accreditation Committee. Their aim is to assess the veterinary program as well as the facilities of the Campus. The Committee will be based in the Council Room in the Main Building but will occasionally escape to the fresh air, so you may see some important looking people wandering about and they may stop and ask you general questions.

This Thursday we have an information session on level III electives for Animal Science for 2012, highlighting the 3 new courses available next year (Professional Skills, Animals & the Law and Aquaculture). Anyone who is thinking of doing these should come along (12 noon in the Stefanson).

Students intending to undertake summer semester intensive courses in January and February, enrolments for those courses will open in December.

I am currently finalising the School's Summer Research Scholarship project list. This will be out later this week.

SENIOR RESIDENT APPLICATIONS 2012

Are you a leader with the passion and commitment to help bring Roseworthy Campus to life?

We are looking for students who are prepared to commit to building student leadership and social activity programs in conjunction with the management of The Roseworthy Residential College in 2012.

You will be a person that can communicate effectively, is willing to take responsibility, enjoys working as part of a small team and demonstrates a high standard of personal behaviour and academic endeavour.

Applications for Senior Resident in 2012 will close Friday the 14th of October.

The position description and application forms are available by contacting David Purdie, Manager Student Services at david.purdie@adelaide.edu.au.

NOTICE TO FIRST YEAR STUDENTS

Applications and offers for accommodation within the residential college for 2012 will commence soon.

The residential colleges core values are to:

- ***Promote a strong sense of community.***
- ***Achieve a high level of academic success.***
- ***Live in a spirit of friendship.***
- ***Encourage inclusion, discourage segregation.***

Please feel free to come and visit the college office and make a time for a tour of the residential facilities.

Apply online at: www.adelaide.edu.au/accommodation or come and visit the college office in the main building.

AUSTRALIAN UNIVERSITIES CROPS COMPETITION

In week seven of this term five students from the Bachelor of Agriculture and Bachelor of Agricultural Science travelled to Temora, NSW for the Australian Universities Crop Competition. The team consisted of Lachlan Parker, Ali Way, Emma Ayliffe, Amy Murray, William Denholm and our mentor Glen McDonald. For those of you who are not aware the crops competition is held annually among all of the universities in Australia that offer agricultural related degrees. The competition consists of nine components which include things such as seed identification, live crop yield determination and business management. In the past Adelaide University has done very well, consistently placing in the top three.

This year the team was able to keep the standard high, again placing in the top three as a university group and Lachlan placing fourth in the individual competition, winning a trip to New Zealand, to investigate farming practices. If you are lucky enough to be the winner you get to go on a agricultural tour of America. This year's winner was from Charles Sturt university. The weekend was very successful with all members of the team placing in the top 25. The social side of things is also very good! Being in your last year of Uni it is a great networking opportunity and a chance to make friends that you will have for many years to come.

Gawler and Adelaide Shows Steer Team 2011

The Roseworthy Steer team competed at the Gawler Show as a practice run before Adelaide. The team was very successful with all five Handlers placing in the top line of the handlers competition; Ainslie Colbert 1st Brooke Crowell 2nd Amy Murray 3rd Sam Fischer 5th and Jessie Thomson 6th. The steers then went on to be judged in a large class of about 20 other steers. The success continued with four out of our five steers placing winning 1st, 2nd, 3rd, and 5th. The steers then went to Adelaide where the competition was much tougher, the Simmental steer placed in the O'Conner team (top 3 simis for the show) with our Angus and Murray Grey coming very close to been selected. In the steer classes one of our Murray Greys placed 2nd in his class, the Simi placed 5th in his class. All steers then went on to be judged on hook with our smaller Murray grey winning reserve champion light weight steer on hook and all other steers placed well.

A lot of work was put into producing these animals for the show and we really appreciate the studs that kindly donate the animals. Bottlesford Murray Greys, Woonallee Simmentals, Carrical Angus, Roseworthy Angus and Kojak Braunviehs. All our feed is sponsored by Compass feed and RACSAC. A big **THANKYOU** to Darren Koopman for all his work towards the show team!

Brooke Crowell leading Benji The Simmentale steer.

Roseworthy Campus Child Care Centre

Roseworthy Campus Child Care Centre celebrated the South Australian Living Artists Festival. We would like to thank Kate, 'That Mosaic Chick' who came to the Centre and made a large dragonfly mosaic with the children (which looks fantastic and will soon be hanging on front of the building for all to see).

Students, Georgia and Gemma, from Sandy Creek Primary School spent a day with the children introducing Japanese Art culture. They performed for the children on Japanese Taiko drums and taught the children some new songs in Japanese. The children enjoyed having their turn on the drums and learning the Japanese words.

The children have begun making stepping stones for our front garden with cement and coloured stones. These will be a beautiful addition to our native garden.
