UNIVERSITY OF ADELAIDE**

**September 1998**

## TABLE OF CONTENTS – VOLUME II

<b>APPENDIX A</b>	<b>SELECTION OF STUDIES EVALUATING RECRUITMENT STRATEGIES TO MAMMOGRAPHY SCREENING</b>	<b>1</b>
<b>APPENDIX B</b>	<b>REVIEW OF LITERATURE FOR VARIABLES ASSOCIATED WITH PARTICIPATION IN MAMMOGRAPHY SCREENING BY STUDY CONSTRUCTS</b>	<b>4</b>
<b>APPENDIX B1</b>	<b>SOCIODEMOGRAPHIC CONSTRUCT</b>	<b>5</b>
Table B1.1	Age	5
Table B1.2	Marital status	8
Table B1.3	Ethnicity	10
Table B1.4	Education	12
Table B1.5	Employment status	15
Table B1.6	Income	16
Table B1.7	Socioeconomic status (SES) or proxy measure	18
Table B1.8	Other sociodemographic variables	20
<b>APPENDIX B2</b>	<b>HEALTH MOTIVATION AND CONTROL CONSTRUCT</b>	<b>22</b>
Table B2.1	Health status	22
Table B2.2	Other health behaviours - pap test	24
Table B2.3	Other health behaviours - breast self-examination (BSE)	26
Table B2.4	Other health behaviours - clinical breast examination	28
Table B2.5	Other personal health maintenance behaviours	29
Table B2.6	Use of health services	32
Table B2.7	Previous and intended mammography behaviour	34
Table B2.8	Other health motivation and control variables	36
<b>APPENDIX B3</b>	<b>KNOWLEDGE CONSTRUCT</b>	<b>38</b>
Table B3.1	Knowledge score	38
Table B3.2	Knowledge, single items	40
<b>APPENDIX B4</b>	<b>SUSCEPTIBILITY CONSTRUCT</b>	<b>43</b>
Table B4.1	Perceived susceptibility	43
Table B4.2	Perceived susceptibility - knows someone with breast cancer/problem	45
Table B4.3	Perceived seriousness	47
Table B4.4	Concern/worry about breast cancer	48
Table B4.5	Actual risk - family history	49
Table B4.6	Actual risk - previous breast symptoms/breast diseases/other	51
<b>APPENDIX B5</b>	<b>BARRIER CONSTRUCT</b>	<b>53</b>
Table B5.1	Perceived barriers	53
Table B5.2	Perceived barriers - concern over radiation	55
Table B5.3	Other perceived barriers (single items)	56
Table B5.4	Perceived efficacy/benefits of early detection and mammography	59
Table B5.5	Other attitudes to mammography or breast cancer	62
Table B5.6	Structural barriers - access/cost/health insurance	64
<b>APPENDIX B6</b>	<b>INFLUENCE CONSTRUCT</b>	<b>67</b>
Table B6.1	Normative influence - doctor/health professional	67
Table B6.2	Normative influence - social networks/other prompts/sources of information	69

<b>APPENDIX C</b>	<b>CASE-CONTROL STUDY RESPONSE RATES BY SAMPLE AND CASE TYPE</b>	<b>72</b>
Figure C1.1	Case-control study initial sample and response - Spontaneous sample	72
Figure C1.2	Case-control study initial sample and response - GP sample	72
Figure C1.3	Case-control study initial sample and response - Spontaneous cases	73
Figure C1.4	Case-control study initial sample and response - GP cases	73
<b>APPENDIX D</b>	<b>PERCENT FREQUENCIES AND BIVARIATE TEST OF SIGNIFICANCE FOR VARIABLES INCLUDED IN STUDY BY CONSTRUCT</b>	<b>74</b>
<b>APPENDIX D1</b>	<b>TABLES FOR ANALYSIS OF CASES AND CONTROLS AT BASELINE (CHAPTER 4)</b>	<b>74</b>
Table D1.1	Sociodemographic Construct - % frequencies, P-values for bivariate tests of significance and Reference category for multivariate analysis	74
Table D1.2	Health Motivation and Control Construct - % frequencies, P- values for bivariate test of significance and Reference category for multivariate analysis	78
Table D1.3	Knowledge Construct - % frequencies, P- values for bivariate test of significance and Reference category for multivariate analysis	82
Table D1.4	Susceptibility Construct - % frequencies, P-values for bivariate tests of significance and Reference category for multivariate analysis	86
Table D1.5	Barrier Construct - % frequencies, P-values for bivariate tests of significance and Reference category for multivariate analysis	89
Table D1.6	Influence Construct - % frequencies, P-values for bivariate tests of significance and Reference category for multivariate analysis	97
<b>APPENDIX D2</b>	<b>TABLES FOR ANALYSIS OF FOLLOW-UP OF BASELINE SUBJECTS AFTER 4 YEARS</b>	<b>104</b>
Table D2.1	Sociodemographic Construct - % frequencies, P-values for bivariate tests of significance and Reference category for multivariate analysis	104
Table D2.2	Health Motivation and Control Construct - % frequencies, P-values for bivariate tests of significance and Reference category for multivariate analysis	106
Table D2.3	Knowledge Construct - % frequencies, P-values for bivariate tests of significance and Reference category for multivariate analysis	109
Table D2.4	Susceptibility Construct - % frequencies, P-values for bivariate tests of significance and Reference category for multivariate analysis	111
Table D2.5	Barrier Construct - % frequencies, P-values for bivariate tests of significance and Reference category for multivariate analysis	113
Table D2.6	Influence Construct - % frequencies, P-values for bivariate tests of significance and Reference category for multivariate analysis	118
<b>APPENDIX D3</b>	<b>TABLES FOR NON-ATTENDERS SURVEYED IN INVITEE STUDY</b>	<b>122</b>
Table D3.1	Demographic Characteristics - % frequencies	122
Table D3.2	Knowledge and Perception about Mammography and SABXRS - % frequencies	124
Table D3.3	Exposure & History of Mammography and Breast Cancer - % frequencies	130
Table D3.4	Response to Invitation & Reasons for not Attending - % frequencies	132
Table D3.5	Intentions - % frequencies	135

## **APPENDIX G QUESTIONNAIRES**

## **BIBLIOGRAPHY**

## **GLOSSARY**

## APPENDIX A

### Selection of studies evaluating recruitment strategies to mammography screening

Reference	Study location	Recruitment strategy	Response rate (% participating following strategy) & comments
Dorsch <i>et al.</i> , 1991	Adelaide, Australia	•GP invitations	<i>personalised invitations from doctor to women 50-64 who had not had mammogram with screening program</i> - 69% of invited eligible women (excluding those who had mammogram elsewhere in last year).
Cockburn <i>et al.</i> , 1990	Melbourne, Australia	•opportunistic GP recommendation	<i>recommendation and pamphlet from doctor to women 50-69 visiting practice</i> - 41% subsequently attended recommended screening program
Hurley <i>et al.</i> , 1992	Melbourne, Australia	•generalised publicity (3 methods) •invitation from screening program (5 letter types)	<i>generalised publicity (newspaper articles)</i> - <1% of eligible population 50-69 <i>generalised publicity (community promotion)</i> - <1% of eligible population 50-69 <i>generalised publicity (promotion to doctors)</i> - no effect; <i>personalised invitation with specified appointment time (letter A) to women 50-69 from electoral roll</i> - 31% of invited women <i>personalised invitation without specified appointment time (letter B)</i> - 13% of invited women <i>letter A + follow-up letter</i> - 44% <i>letter B + follow-up letter</i> - 36% <i>letter A + telephone follow-up</i> - 40%.
Irwig <i>et al.</i> , 1990	Sydney, Australia	•GP invitations	<i>personalised invitations from doctor to women 45-70 who had not had mammogram with screening program</i> - 32% of invited women initially + further 18% following reminder letter (initial response 38% for letter with appointment versus 24% without appointment). Note: for control group not sent invitation 7% attended in initial period and further 2% in follow-period.
Turnbull <i>et al.</i> , 1991	Sydney, Australia	•invitation from screening program	<i>personalised invitation with specified appointment time to women 45-69 from electoral roll who had not had mammogram with screening program</i> - 33% of invited women (no follow-up). Note: 9% of control group not sent invitation attended over same period.
Turnbull and Irwig 1992	Sydney, Australia	•letterbox drops •invitations for friends.	<i>letterbox drops</i> - no effect <i>invitation for 2 friends given to women who attended for screen (including letter with appointment and pamphlet)</i> - no effect (adding incentive of instant scratch lottery ticket did not improve response)

Reference	Study location	Recruitment strategy	Response rate (% participating following strategy) & comments
Richardson <i>et al.</i> , 1994	New Zealand	<ul style="list-style-type: none"> <li>•invitation from screening centre including supporting letter from GP</li> <li>•invitation from screening centre only</li> <li>•telephone or postal reminders</li> </ul>	<p><i>personalised invitation from screening centre to women 50-64 including letter from woman's GP - 56% initially + further 15% after postal reminder from centre</i></p> <p><i>invitation from screening centre without GP letter - 43%+ further 19% after postal reminder from centre</i></p> <p><i>Separate trial of telephone versus postal reminders; no difference</i></p>
Baines <i>et al.</i> , 1989	Canada (all centres)	<ul style="list-style-type: none"> <li>•generalised publicity</li> <li>•invitations from screening program</li> </ul>	No specific rates given by various strategies, but report that personalised invitation letters, when used, had a major impact on recruitment, especially with telephone follow-up.
Bass <i>et al.</i> , 1994	Ontario, Canada	<ul style="list-style-type: none"> <li>•GP invitations</li> </ul>	<p><i>personalised invitations from doctor to women 50-69 who had not had mammogram in last 12 months - 50% of invited (16% after 1st letter, further 22% after 2nd letter, further 11% after telephone reminders).</i></p> <p>Note: additional 6% had mammogram at other facility.</p>
Haiart <i>et al.</i> , 1990	Edinburgh, UK	<ul style="list-style-type: none"> <li>•generalised publicity</li> <li>•GP invitations</li> <li>•letterbox drops</li> </ul>	<p><i>generalised publicity - 24% of eligible population 40-64 (19% for women 50-64)</i></p> <p><i>personalised invitations from doctor to women 50-64 who failed to respond to generalised publicity - 75% of invited women</i></p> <p><i>letterbox drops - no effect.</i></p>
Hobbs <i>et al.</i> , 1990	Manchester, UK	<ul style="list-style-type: none"> <li>•GP invitations</li> </ul>	<p><i>age 50-64 - 77% of invited women; age 65-79 - 61% of invited women.</i></p> <p>(Denominator excludes returned letters)</p>
Williams and Vessey 1990	Aylesbury Vale, UK	<ul style="list-style-type: none"> <li>•generalised publicity</li> <li>•GP invitations</li> </ul>	<p><i>generalised publicity - 28% of eligible population 45-64</i></p> <p><i>personalised invitations from doctor to women 45-64 who failed to respond to generalised publicity - 74% of invited.</i></p>
Bastani <i>et al.</i> , 1994	Los Angeles, USA	<ul style="list-style-type: none"> <li>•mail-out materials</li> </ul>	<p><i>intervention group received mail-out materials designed to encourage women 40+ to obtain a screening mammogram - 50% obtained screening mammogram in the 12 month follow-up period; control group received other cancer-related material which did not specifically target breast cancer - 56% obtained screening mammogram.</i></p> <p>Note: subjects were women who had participated in population survey, not statistically different.</p>
Nattinger <i>et al.</i> , 1989	New York, US	<ul style="list-style-type: none"> <li>•opportunistic GP recommendation</li> </ul>	<p><i>recommendation from doctor to women 50-74 visiting outpatient clinic - 49% subsequently screened compared with 33% in control group (statistically significant).</i></p>
Fletcher <i>et al.</i> , 1993b	USA	<ul style="list-style-type: none"> <li>•various concurrent community wide strategies aimed at women and doctors</li> </ul>	<p><i>Intervention community -% of women who reported receiving screening mammogram in previous year increased from 35% to 55%; control community -% of women who reported receiving screening mammogram in previous year increased from 30% to 40%.</i></p> <p>Note: statistically significant difference between intervention and control.</p>

Reference	Study location	Recruitment strategy	Response rate (% participating following strategy) & comments
Mayer and Kellogg 1989	USA	<ul style="list-style-type: none"> <li>incentive coupon (for nutrition information kit on attendance)</li> </ul>	<p>women given incentive coupon - 81% made appointment for mammogram; women not given incentive coupon - 59% made appointment for mammogram. (statistically significant difference)</p> <p>Note: all subjects were responders to media campaign.</p>
Zapka <i>et al.</i> , 1993	USA	<ul style="list-style-type: none"> <li>various strategies aimed at comprehensive physician involvement and community education</li> </ul>	<p><i>Intervention community</i> -% of women who reported receiving screening mammogram in previous year increased from 30% to 53%; <i>control community</i> -% of women who reported receiving screening mammogram in previous year increased from 31% to 50%.</p> <p>Note: not statistically different.</p>

## APPENDIX B REVIEW OF LITERATURE FOR VARIABLES ASSOCIATED WITH PARTICIPATION IN MAMMOGRAPHY SCREENING BY STUDY CONSTRUCTS

Notes for interpretation of tables:

- 1 Within each table the references are grouped by study type, and within study type references are listed alphabetically. The study types are listed in the following order:
  - Cross-sectional (community, population studies)
  - Attender (studies of attenders to mammography screening often comparing to population)
  - Case-control (comparison of attenders with non-attenders)
  - Cohort studies
  - Intervention studies
- 2 Six sets of tables are found for the six constructs used in this study: Sociodemographic; Health Motivation and Control; Barriers (perceptions and structural); Knowledge (about breast cancer and mammography); Susceptibility (to breast cancer - perceived, actual); Influences.
- 3 Where several references were available for a particular variable it is presented as a separate table. Otherwise, the table includes closely related variables and the references are grouped by variable name.
- 4 The 'Dependent variable' column shows the dependent variable used for the specific analysis being reported. Several studies reported multiple analyses using different dependent variables; these are listed separately within each reference.
- 5 The 'Analysis' column in the table shows the results of the bivariate analysis, and where reported, the results of the adjusted multivariate analysis. For studies where a statistically significant association was found between the independent and dependent variables, a ✓ in the 'bivariate' column notates that a significant bivariate association was reported, while a ✓ in the 'adjusted' column notates that a significant relationship was reported in multivariate analysis after effects of other variables studied were adjusted for. A ✗ notates that the variable was not found to be a statistically significant determinant of the dependent variable. A blank indicates the analysis was not done or not reported. Where both a ✓ and ✗ are indicated as ✓/✗, separate analyses were performed for various subgroups using the same Dependent variable, and the result was significant for one sub-analysis but not the other. The notes in the 'Comments' column provide the relevant details; eg separate analyses for different age groups testing the association between Ever had and Income in table B1.6 (Fox *et al.*, 1991a).  
It was assumed that if a variable was statistically significant in the adjusted multivariate analysis then it was significant in the bivariate analysis, though in some studies the bivariate results were not presented.
- 6 The 'Result' column shows the group more likely to attend/comply for studies where a significant association was found between the dependent and independent variable. Most studies examine predictors of attendance. However for the few studies that predict non-attendance (as shown in the Dependent Variable column) the result has been reversed for consistency in the Results column; ie always refers to group most likely to attend.
- 7 The 'Comments' column provides additional information where provided to assist interpretation; for example, specifying the groups being compared, or population included in study. Specific details were often not reported; eg for the age variable, the specific age groups were not presented but only younger/older. Several studies include multiple analyses as indicated in the Dependent variable column; where the comparison groups or population studies are the same across all analyses then the comment is included only alongside the first reported analysis.
- 8 For tables that relate to more than one independent variable, the name of the independent variable is shown in bold in the 'Comments' column.

## APPENDIX B1 SOCIODEMOGRAPHIC CONSTRUCT

Table B1.1 Sociodemographic

VARIABLE Age

Authors (year); Country	Dependent variable	Analysis		Result	Comments
		bivariate	adjusted		
<i>Cross-sectional studies where significant association found</i>

## APPENDIX B4 SUSCEPTIBILITY CONSTRUCT

Table B4.1 Susceptibility

**VARIABLE** Perceived susceptibility (scored item or question specifically on perceived susceptibility; higher = higher score or higher perceived susceptibility)

Authors (year); Country	Dependent variable	Analysis		Results	Comments
		bivariate	adjusted		
<b><i>Cross-sectional studies where significant association found</i></b>					
(Bastani, <i>et al.</i> , 1991); USA	Ever had	✓	✗	Higher	
(Champion, 1992); USA	Compliant in last 5 years	✓	✓	Higher	Based on 6 items
(Champion, 1994b); USA	Compliant for 5 years	✓	✓/✗	Higher	Adjusted model significant for <50 but not 50+
(King, <i>et al.</i> , 1993); USA	Had in past 2 years	✓	✗	Higher	Sample of older women 65+
(NCI Breast Cancer Screening Consortium, 1990); USA	Ever had	✓/✗		Higher	Significant for 50-74 but not <50
	Intend to have next year	✓		Higher	Significant all ages 30-74 (more likely if said had higher than most chance of breast cancer)
(Savage and Clarke, 1995a); Aust	Intend to have	✓	✓	Higher	
(Stein, <i>et al.</i> , 1992); USA	Ever had	✓	✓	Higher	Based on 2 questions Stronger association for intention
	Intends to have	✓	✓	Higher	
<b><i>Cross-sectional studies where lack of significant association reported</i></b>					
(Bastani, <i>et al.</i> , 1991); USA	Had in last year	✗			
(Champion, 1992); USA	Intent to have in next year	✗			
(Champion, 1994b); USA	Had in last year	✗			Not significant for <50 or 50+
(Fajardo, <i>et al.</i> , 1992); USA	Ever had	✗			2 questions: how likely to get if mother or sister had; how likely will get in future
(Miller and Champion, 1993); USA	Ever had	✗			Score of 4 items
	Complied in last 3 years	✗			
(Price, 1994); USA	Ever had	✗			Sample of low SES women 30+
<b><i>Attender studies where significant association found</i></b>					
(Vogel, <i>et al.</i> , 1990); USA	Had rescreen (12-16 months after first screen)	✓		Higher	

Authors (year); Country	Dependent variable	Analysis		Results	Comments
		bivariate	adjusted		
<b><i>Attender studies where lack of significant association reported</i></b>					
(Friedman, <i>et al.</i> , 1995); USA	Had in last year	X			Asked as: What do you believe are your chances of getting breast cancer some day 1:5, 1:10, 1:25,1:50
	Intend to have next year	X			
<b><i>Case-control studies where significant association found</i></b>					
(Rutledge, <i>et al.</i> , 1988);	Attendance after offer of low cost screening	✓		Higher	Non-attenders who had mammogram elsewhere in last 3 years more susceptible than non-attenders who have not had mammogram in last 3 years
<b><i>Case-control studies where lack of significant association reported</i></b>					
(Hammond and Stewart, 1994); Canada	Attendance after invite	X			
<b><i>Cohort studies where significant association found</i></b>					
(Calnan, 1984); UK	Attendance after invite	✓	X	Higher	
(Sutton, <i>et al.</i> , 1994); UK	Attendance after invite	✓	X	Higher	
(Vaile, <i>et al.</i> , 1993); UK	Attendance after invite	✓		Higher	5 items
<b><i>Cohort studies where lack of significant association reported</i></b>					
(Hyman, <i>et al.</i> , 1994); USA	Had within 3 months	X			
(Turnbull, <i>et al.</i> , 1995); Aust	Attendance to mobile	X			2 variables: rates chances as same or > average; concerned may get breast cancer - regarded as susceptible if yes to both
<b><i>Intervention studies where significant association found</i></b>					
(Champion, 1994a); USA	Intend to have next year	✓		Higher	
<b><i>Intervention studies where lack of significant association reported</i></b>					
(Bastani, <i>et al.</i> , 1994a); USA	Had in 12 month period after intervention	X			
(Champion, 1994a); USA	Complied with guidelines	X			

**Table B4.2 Susceptibility****VARIABLE Perceived susceptibility - knows someone with breast cancer/problem**

Authors (year); Country	Dependent variable	Analysis		Results	Comments
		bivariate	adjusted		
<b><i>Cross-sectional studies where significant association found</i></b>					
(King, <i>et al.</i> , 1993); USA	Had in past 2 years	✓	✓	Yes	<b>Experience with breast pathology; yes</b> (friend only, relative, self), no Sample of older women 65+
(Lerman, <i>et al.</i> , 1990); USA	Ever had	✓	✓	Yes	<b>Friend had breast cancer; yes, no</b>
(Rimer, <i>et al.</i> , 1991); USA	Had in last year	✓	✗	Yes	<b>Friend had breast cancer; yes, no</b>
<b><i>Cross-sectional studies where lack of significant association reported</i></b>					
(Fajardo, <i>et al.</i> , 1992); USA	Ever had	✗			2 questions: mother or sister had; relative or close friend died of breast cancer - more likely to have at younger age if had experience, but not significant
(Lerman, <i>et al.</i> , 1990); USA	Had in past 12 months	not stated	✗		<b>Friend had breast cancer</b>
	Had repeat (vs. one)	not stated	✗		
(Rimer, <i>et al.</i> , 1991); USA	Had one vs. 2 or more	✗			<b>Friend had breast cancer</b>
(Savage and Clarke, 1995a); Aust	Intend to have	✗			<b>Knows someone with breast cancer</b>
<b><i>Attender studies where significant association found</i></b>					
<i>none reviewed</i>					
<b><i>Attender studies where lack of significant association reported</i></b>					
<i>none reviewed</i>					
<b><i>Case-control studies where significant association found</i></b>					
(Chaitchik and Kreitler, 1991); Israel	Attenders (both spontaneous and 'induced') vs. non-attenders	✓		Yes	<b>Had relatives with breast cancer; yes, no</b> More likely to be 'induced' (by personal approach) to attend if blood relatives had cancer, compared with spontaneous attenders and non-attenders
(French, <i>et al.</i> , 1982); UK	Attendance after invite	✓		Yes	<b>Knows someone with breast cancer; yes, no</b>
(French, <i>et al.</i> , 1982); UK	Attendance after invite	✓		Yes	<b>Knows someone with breast lump; yes, no</b>
<b><i>Case-control studies where lack of significant association reported</i></b>					
(Hobbs, <i>et al.</i> , 1980); UK	Attendance following invite (acceptors vs. rejectors) vs. self-referral	not stated			<b>Knows someone with breast cancer; acceptors (35%), rejectors (46%), self-referred (50%)</b>
<b><i>Cohort studies where significant association found</i></b>					
(Sutton, <i>et al.</i> , 1994); UK	Attendance after invite	✓	✓	Yes	<b>Knows someone with breast cancer; yes, no</b>

Authors (year); Country	Dependent variable	Analysis		Results	Comments
		bivariate	adjusted

(Sutton, <i>et al.</i> , 1994); UK	Attendance after invite	X			<b>Obesity</b> Based on self-reported weight and height
<b><i>Intervention studies where significant association found</i></b>					
<i>none reviewed</i>					
<b><i>Intervention studies where lack of significant association reported</i></b>					
(French, <i>et al.</i> , 1982); UK	Attendance after invite	X			<b>Menstrual status</b> Slightly more attenders premenstrual or had undergone hysterectomy
(French, <i>et al.</i> , 1982); UK	Attendance after invite	X			<b>Number of pregnancies</b>
(French, <i>et al.</i> , 1982); UK	Attendance after invite	X			<b>Age at first pregnancy; <math>\leq 20</math>, <math>\geq 35</math></b>
(Taplin, <i>et al.</i> , 1994); USA	Had within one year of invite	X			<b>History of breast biopsy</b>

## APPENDIX B5 BARRIER CONSTRUCT

Table B5.1 Barrier

VARIABLE Perceived barriers (composite score; lower = fewer perceived barriers)

Authors (year); Country	Dependent variable	Analysis		Results	Comments
		bivariate	adjusted		
<b><i>Cross-sectional studies where significant association found</i></b>					
(Champion, 1992); USA	Intent to have in next year	✓	✓	Lower	5 items; worry, embarrassing, takes time, painful, cost (each item also significant on its own)
(Champion, 1994b); USA	Compliant for 5 years	✓	✓	Lower	Same items as (Champion, 1992) Significant for both <50 and 50+
	Had in last year	✓/✗	✗	Lower	Significant for 50+ but not <50
(King, <i>et al.</i> , 1993); USA	Had in past 2 years	✓	✓	Lower	<b>Concern index (pain, radiation and cost);</b> none, 1-2, 3 (referent) none higher odds than 1-2 Sample of older women 65+
(Kurtz, <i>et al.</i> , 1993); USA	Compliance with guidelines	✓	✗	Lower	<b>“Discomfort”</b> factor comprising 5 physical and emotional discomfort variables
(Miller and Champion, 1993); USA	Ever had	✓	✓	Lower	Barrier score of 9 items
	Complied in last 3 years	✓	✗	Lower	
(Stein, <i>et al.</i> , 1992); USA	Ever had	✓	✓	Lower	3 items; cost, embarrassment and pain
	Intends to have	✓	✓	Lower	
(Zapka, <i>et al.</i> , 1989); USA	Ever had	✓	✗	Lower	Exposure to radiation, pain, cost, embarrassment
<b><i>Cross-sectional studies where lack of significant association reported</i></b>					
(Champion, 1992); USA	Compliant in last 5 years	✗			5 items; worry, embarrassing, takes time, painful, cost
(Price, 1994); USA	Ever had	✗			Barrier score of 10 items including cost, fear, pain, transport Sample of low SES women 30+
(Stein, <i>et al.</i> , 1991); USA	Ever had	✗			<b>Anxiety index;</b> fear of finding cancer, concern re effectiveness, anxiety/worry about having mammogram
	Had in last year	✗			
(Zapka, <i>et al.</i> , 1989); USA	Had in last year	✗			Exposure to radiation, pain, cost, embarrassment

Authors (year); Country	Dependent variable	Analysis		Results	Comments
		bivariate	adjusted		
<b>Attender studies where significant association found</b>					
(Friedman, <i>et al.</i> , 1995); USA	Had in last year	✓	✓	Lower	10 item score; radiation, worry, fear of finding, rather not think about it, embarrassing, inconvenience, procrastination, discouraged by family/friends, sees no need
	Intend to have next year	✓	✓	Lower	
(Friedman, <i>et al.</i> , 1995); USA	Had in last year	✓	✗	Lower	2 items; detect breast cancer early, and too much trouble for worth
	Intend to have next year	✓	✓	Lower	
<b>Attender studies where lack of significant association reported</b>					
(Friedman, <i>et al.</i> , 1995); USA	Had in last year	✗			2 items; agreement with a) breast cancer can be cured if found early, and b) little hope for people with breast cancer
<b>Case-control studies where significant association found</b>					
(Rimer, <i>et al.</i> , 1989b); USA	Attendance after offer of free screen	✓		Lower	9 items including: cost, inconvenience, radiation, pain
<b>Case-control studies where lack of significant association reported</b>					
<i>none reviewed</i>					
<b>Cohort studies where significant association found</b>					
(Hyman, <i>et al.</i> , 1994); USA	Had within 3 months	✓	✓	Higher	ie those perceiving fewer barriers <i>less</i> likely to attend
(Calnan, 1984); UK	Attendance after invite	✓	✗	Lower	Score 0-3; heard of screening mammography, think good idea, not worried about any aspects Attendees perceived benefits greater than costs
(Sutton, <i>et al.</i> , 1994); UK	Attendance after invite	✓	✗	Lower	Score of positive and negative consequences; attendees perceived fewer negative and more positive
<b>Cohort studies where lack of significant association reported</b>					
<i>none reviewed</i>					
<b>Intervention studies where significant association found</b>					
(Champion, 1994a); USA	Complied with guidelines	✓		Lower	Same items as (Champion, 1992) under cross-sectional studies Women 40+
	Intend to have next year	✓		Lower	
<b>Intervention studies where lack of significant association reported</b>					
<i>none reviewed</i>

(Champion, 1994b); USA	Compliant for 5 years	✓	✓/✗	Yes	<b>Doctor suggested mammography</b> Adjusted significant for 50+ but not <50
	Had in last year	✓/✗	✓/✗	Yes	Significant for 50+ but not <50 for bivariate and adjusted
(Fox, <i>et al.</i> , 1991); USA	Ever had	✓	✓	Yes	<b>Doctor talking about mammography</b> Significant for 50-64 and 65+
	Had in last year	✓	✓	Yes	Significant for 50-64 and 65+
(Fox, <i>et al.</i> , 1991); USA	Had in last year	✓/✗	✓/✗	Yes	<b>Doctor talking about early detection</b> Significant for 65+ only, not 50-64
(Fulton, <i>et al.</i> , 1991); USA	Had according to guidelines	✓	✓	Yes	<b>Provider recommended screening mammography</b>
(King, <i>et al.</i> , 1993); USA	Had in past 2 years	✓	✗	Yes	<b>Doctor talking about mammography</b> Sample of older women 65+
(Kreher, <i>et al.</i> , 1995); USA	Compliance to guidelines	✓	✓	Yes	<b>Doctor suggested mammography</b> Rural community
(Lerman, <i>et al.</i> , 1990); USA	Ever had	✓	✓	Yes	<b>Doctor recommended</b>
	Had in past 12 months	✓	✓	Yes	
	Had repeat (vs. one)	✓	✓	Yes	
(Miller and Champion, 1993); USA	Ever had	✓	✓	Yes	<b>Doctor suggested mammography</b>
	Complied in last 3 years	✓	✗	Yes	
(Rimer, <i>et al.</i> , 1991); USA	Had in last year	✓	✗	Greater	<b>Importance of doctor's opinion</b>
	Had one vs. 2 or more	✓	✗	Greater	
(Rimer, <i>et al.</i> , 1991); USA	Had in last year	✓	✓	Yes	<b>Doctor suggested mammogram</b>
	Had one vs. 2 or more	✓	✓	Yes	

Authors (year); Country	Dependent variable	Analysis		Results	Comments
		bivariate	adjusted		
(Stein, <i>et al.</i> , 1992); USA	Ever had	✓	✓	Yes	2 questions: whether doctor talked about early detection and mammography
	Intends to have	✓	✓	Yes	
(Zapka, <i>et al.</i> , 1991); USA	Adherence to guidelines	✓	✗	Yes	<b>Doctor advised mammogram</b> Separate models by level of adherence (number and frequency of mammograms); never had less likely to receive advice
<b><i>Cross-sectional studies where lack of significant association reported</i></b>					
(Fox, <i>et al.</i> , 1991); USA	Ever had	✗			<b>Doctor talking about early detection</b>
<b><i>Attender studies where significant association found</i></b>					
(Friedman, <i>et al.</i> , 1995); USA	Had in last year	✓	✓	More	<b>How strongly doctor encourages</b>
	Intend to have next year	✓	✓	More	
<b><i>Attender studies where lack of significant association reported</i></b>					
none reviewed					
<b><i>Case-control studies where significant association found</i></b>					
(Mootz, <i>et al.</i> , 1991); USA	Attendance after appointment made	✓		Yes	<b>Doctor recommended</b>
(Rimer, <i>et al.</i> , 1989b); USA	Attendance after offer of free screen	✓		No	<b>Doctor told <u>not</u> to have mammogram</b>
(Rimer, <i>et al.</i> , 1989b);(b); USA	Attendance after offer of free screen	✓	✓	Agree	<b>Doctor believes I should have a regular mammogram</b>
<b><i>Case-control studies where lack of significant association reported</i></b>					
(Kee, <i>et al.</i> , 1993); UK	Attendance after invite	✗			<b>Doctor recommended</b>
(Kee, <i>et al.</i> , 1993); UK	Attendance after invite	✗			<b>Women asking doctor for information/advice about mammography</b>
<b><i>Cohort studies where significant association found</i></b>					
(Sutton, <i>et al.</i> , 1994); UK	Attendance after invite	✓	✓	Yes	<b>Would attend if got invitation letter from doctor; not sure/probably not/definitely not (referent), yes-probably, yes-definitely</b> Yes-definitely higher odds than yes-probably
<b><i>Cohort studies where lack of significant association reported</i></b>					
none reviewed					
<b><i>Intervention studies where significant association found</i></b>					
(Bastani, <i>et al.</i> , 1994a); USA	Had in 12 month period after intervention	✓	✗	Greater	<b>Likelihood if doctor recommended</b>
<b><i>Intervention studies where lack of significant association reported</i></b>					
none reviewed

## APPENDIX F VARIABLES EXAMINED FROM COMMUNITY SURVEYS

**Table F1** List of Health Omnibus Survey Questions by Year asked

Question	Year of Survey				
	1990	1991	1992	1994	1995
A MAMMOGRAM IS A SPECIAL X-RAY WHICH CAN DETECT CANCER OF THE BREASTS. HAVE YOU EVER HEARD OF A MAMMOGRAM BEFORE?	✓	X	X	X	X
MAMMOGRAMS ARE SOMETIMES USED FOR SCREENING PURPOSES, THAT IS TO DETECT BREAST CANCER EVEN WHEN THERE ARE NO APPARENT SYMPTOMS. HAVE YOU HEARD OF A MAMMOGRAM BEING USED FOR SCREENING?	✓	X	X	X	X
HAS A DOCTOR EVER SUGGESTED THAT YOU SHOULD HAVE A MAMMOGRAM?	✓	X	X	X	X
HAS A DOCTOR EVER SUGGESTED THAT YOU DON'T NEED A MAMMOGRAM?	✓	X	X	X	X
HAVE YOU EVER HAD A MAMMOGRAM?	✓	✓	✓	✓	✓
WHEN DID YOU HAVE YOUR LAST MAMMOGRAM?	✓	✓	✓	✓	✓
WHY DID YOU HAVE YOUR LAST MAMMOGRAM?	✓	✓	✓	✓	✓
WHERE DID YOU HAVE YOUR LAST MAMMOGRAM?	✓	✓	✓	✓	✓
HAVE YOU EVER HAD BREAST CANCER?	✓	X	X	X	X
BARRIER QUESTIONS ( <i>Strongly Agree, Agree, Disagree, Strongly Disagree</i> )	✓	X	X	X	X
a I don't need a mammogram because I have no symptoms					
b I'd be embarrassed about having a mammogram					
c it's too much trouble, I don't have time for one.					
d I'd rather not think about it.					
e I'm worried about radiation.					
f Having a mammogram would be inconvenient.					
g Having a mammogram would be painful.					
h I am concerned about the accuracy of mammograms in detecting cancer					
i Even if cancer is found early, removal of the breast is the only treatment for breast cancer.					
j Finding breast cancer early could save a woman's life					
THE SOUTH AUSTRALIAN BREAST X-RAY SERVICE OFFERS FREE SCREENING MAMMOGRAMS TO WOMEN IN SOUTH AUSTRALIA. HAVE YOU EVER HEARD OR READ ABOUT THIS SERVICE BEFORE?	✓	✓	✓	✓	X
WHAT WAS YOUR MAIN SOURCE OF INFORMATION ABOUT THE BREAST X-RAY SERVICE?	✓	X	X	X	X
DO YOU KNOW WHERE THE SCREENING CLINICS ARE LOCATED?	✓	X	X	X	X
WHAT IS THE MAIN REASON YOU HAVE NOT USED THE SERVICE?	✓	X	X	X	X
DO YOU THINK YOU WILL HAVE A MAMMOGRAM WITH THE BREAST X-RAY SERVICE WITHIN THE NEXT TWO YEARS?	✓	✓	✓	✓	X
WHAT ARE THE REASONS MOST LIKELY TO PROMPT YOU TO ATTEND THE SA BREAST X-RAY SERVICE?	✓	X	X	X	X
WHAT TIME WOULD SUIT YOU BEST, IF YOU WANTED TO HAVE A SCREENING MAMMOGRAM?	✓	X	X	X	X
DO YOU INTEND TO HAVE A MAMMOGRAM SOMEWHERE ELSE WITHIN THE NEXT TWO YEARS?	✓	X	X	X	X
HOW MUCH, IF ANYTHING WOULD YOU BE PREPARED TO PAY OUT OF YOUR OWN POCKET TO HAVE A SCREENING MAMMOGRAM?	✓	X	X	X	X
HOW LIKELY DO YOU THINK IT IS THAT YOU WILL SUFFER FROM BREAST CANCER AT SOME TIME IN YOUR LIFE?	✓	X	X	X	X

Variables examined from community surveys: Appendix F

Question	Year of Survey				
	1990	1991	1992	1994	1995
ABOUT HOW MANY WOMEN DO YOU THINK WILL GET BREAST CANCER AT SOME TIME IN THEIR LIVES - 1 in 5, 1 in 15, 1 in 35, OR 1 in 60?	✓	✗	✗	✓	✓
HAS YOUR MOTHER OR ANY OF YOUR SISTERS (OR DAUGHTERS) EVER HAD BREAST CANCER?	✓	✗	✗	✗	✗
DO YOU HAVE A FRIEND WHO HAS BREAST CANCER?	✓	✗	✗	✗	✗
IN THE COMING YEARS, HOW OFTEN DO YOU INTEND TO HAVE A BREAST X-RAY (MAMMOGRAM)?	✗	✓	✓	✓	✗
THE SOUTH AUSTRALIAN BREAST X-RAY SERVICE OFFERS FREE SCREENING MAMMOGRAMS TO WOMEN IN SOUTH AUSTRALIA. HAS THIS SERVICE EVER SENT YOU A PERSONAL INVITATION TO HAVE A FREE MAMMOGRAM?	✗	✗	✗	✗	✓
WHAT IS THE MAIN REASON YOU HAVEN'T ATTENDED THE SA BREAST X-RAY SERVICE?	✗	✗	✗	✗	✓

## QUESTIONNAIRE FOR ELECTORAL ROLL AND ROUND 1 RE-INVITEES

1	<b>A mammogram is a special x-ray which can detect cancer of the breasts.</b> <b>Have you ever heard of a breast x-ray or mammogram before?</b>	Yes	- 1	Go to Q17
		No	- 2	
2	<b>Breast x-rays or mammograms are sometimes used for screening purposes, that is to detect cancer even when there are no apparent symptoms.</b> <b>Have you heard of mammograms being used for screening purposes?</b>	Yes	- 1	
		No	- 2	
		Not sure	- 3	
3	<b>Do you know of any benefits of having a mammogram?</b>	Yes	- 1	Go to Q5
		No	- 2	
4	<b>What are they?</b>  <i>Prompt: Anything else?</i> <i>Code up to 3 responses then ask: What is the main benefit?</i>  <i>Specify .....</i>	Find breast cancer early	- 01	
		Find lumps you can't feel	- 02	
		Increase likelihood of cure	- 03	
		Reduce likelihood of losing breast	- 04	
		Put mind at rest/ peace of mind	- 05	
		Don't need biopsy	- 06	
		Other ( <i>Specify</i> )	- 97	
		Main benefit  __ __		
		Number mentioned  __		
		5	<b>Do you know of any problems with having a mammogram?</b>	Yes
No	- 2			

6	<b>What are they?</b>  <i>Prompt: Anything else?</i> <i>Code up to 3 responses then ask: What is the main problem?</i>  <i>Specify .....</i>	Pain	- 01	
		Embarrassment	- 02	
		Cost	- 03	
		Inconvenience	- 04	
		Time it takes	- 05	
		Having further tests if something's found	- 06	
		Doesn't find all cancers	- 07	
		Causes cancer ( <i>specify why</i> )	- 08	
		Getting a positive result	- 09	
		Delay in getting results	- 10	
		Pushing and shoving	- 11	
		Too much radiation	- 12	
		Uncomfortable (not pain)	- 13	
		Not 100% accurate	- 14	
		Bruising/cutting	- 15	
Other - ( <i>Specify</i> )	- 97			
	Main problem <input type="text"/>			
	Number mentioned <input type="text"/>			
7	<b>Has a doctor <u>ever</u> suggested to you that you have a mammogram?</b>	Yes	- 1	
		No	- 2	
8	<b>Has a doctor <u>ever</u> suggested to you that that you <u>don't need</u> a mammogram ?</b>	Yes	- 1	
		No	- 2	
9	<b>Have you ever had a mammogram?</b>	Yes	- 1	
		No	- 2	<i>Go to Q15</i>
10	<b>When did you have your <u>last</u> mammogram?</b>	<i>mm yy</i> <input type="text"/>		
		<i>Code:</i>		
		Up to 12 months	- 1	
		12 mnths - 2 years	- 2	
		> 2 years - 5 years	- 3	
	> 5 years	- 4		
11	<b>Why did you have your last mammogram?</b>  <i>Prompt if answer is because doctor suggested it:</i> <b>Why did the doctor suggest it?</b>	Symptoms present	- 1	
		Family history of breast cancer	- 2	
		Had breast cancer in the past	- 3	
		Other check up/ screening	- 4	

12	<b>Where did you have your last mammogram?</b> <i>Specify</i> .....	Adelaide	- 1		
		Whyalla	- 2		
		Other ( <i>specify</i> )	- 3		
13	<b>Would you have another mammogram?</b> <i>Specify</i> .....	Yes	- 1	<i>Go to Q15</i>	
		Only if doctor suggested it	- 2		
		Only if had symptoms	- 3		
		No	- 4		
		Other ( <i>specify</i> )	- 7		
		Not sure	- 8		
14	<b>Why don't you want another mammogram?</b>  <i>Code up to 3 reasons then ask: What is the main reason?</i>  <i>Specify</i> .....	Pain	- 01		
		Embarrassment	- 02		
		Cost	- 03		
		Inconvenience	- 04		
		Time it takes	- 05		
		Having further tests if something's found	- 06		
		Doesn't find all cancers	- 07		
		Finds cancer when you don't have it	- 08		
		Getting a positive result	- 09		
		Delay in getting results	- 10		
		Pushing and shoving	- 11		
		Too much radiation	- 12		
		Uncomfortable (not pain)	- 13		
		Not 100% accurate	- 14		
		Bruising/cutting	- 15		
		Fear	- 14		
		Not needed	- 15		
		Other ( <i>Specify</i> )	- 97		
			Main reason <input type="text"/>		
			Number mentioned <input type="text"/>		
15	<b>Who, if anyone, would influence you in deciding whether or not you would have a mammogram?</b>  <i>Specify</i> .....	No-one	- 01		
		Doctor	- 02		
		Spouse	- 03		
		Children	- 04		
		Other relative	- 05		
		Friend	- 06		
		Other health profess	- 07		
		Other ( <i>specify</i> )	- 97		
16	<b>Do you know any (other) women who have had a mammogram?</b>	Yes	- 1		
		No	- 2		

17 **The South Australian Breast X-Ray Service offers free screening mammograms to women in South Australia. I believe you were sent a letter inviting you to have a screening mammogram with the SA Breast X-Ray Service. Do you remember receiving the letter?**  
*Show letter if necessary*

Yes - 1  
 No - 2 *Go to Q23*

18 **Can you tell me the reason/s you did not telephone the Breast X-Ray Service to make an appointment?**

*Prompt if answer "didn't want one", Why?*

*Code 3 reasons then ask: What is the main reason?*

*Specify .....*

Had previous mammogram - 01  
 Had breast cancer - 02  
 Under private care for breast problem - 03  
 Doctor sends privately for screen - 04

**University of Adelaide**

**Department of Community Medicine**

**Women's Health Survey**

## Firstly, I have some general questions about your health

1. How would you rate your overall health - would you say it was ... excellent, very good, good, fair or poor?
- Excellent - 1  
Very good - 2  
Good - 3  
Fair - 4  
Poor - 5
- 

2. Do you have any long-term illness or disability?
- Yes 1  
No 2 (Go to Q4)
- Prompt: This includes conditions such as asthma, hay fever, arthritis, back problems and high blood pressure.*
- 

3. How much does your disability interfere with your daily life: not at all, a little, quite a lot or a great deal?
- Not at all - 1  
A little - 2  
Quite a lot - 3  
A great deal - 4
- Prompt card 1*
- 

4. Does anyone (else) in your household have a long-term illness or disability?
- Yes - 1  
No - 2 (Go to Q6)
- 

5. How much does this person's disability interfere with your daily life: not at all, a little, quite a lot or a great deal?
- Not at all - 1  
A little - 2  
Quite a lot - 3  
A great deal - 4
- Prompt card 1*
- 

6. Now I'm going to read some statements about various attitudes and feelings which women have about their health. We'd like to know how you feel about such things. For each statement please choose the category from this card which best applies to you.

*Show prompt card 2*

	Strongly Agree	Agree	Mildly Agree	Mildly Disagree	Disagree	Strongly Disagree
a. If you get sick it is your own behaviour which determines how soon you get well again.	1	2	3	4	5	6
b. No matter what you do if you are going to get sick, you will get sick.	1	2	3	4	5	6
c. Having regular contact with your doctor is the best way for you to avoid illness.	1	2	3	4	5	6

	Strongly Agree	Agree	Mildly Agree	Mildly Disagree	Disagree	Strongly Disagree
d. Most things that affect your health happen to you by accident.	1	2	3	4	5	6
e. Whenever you don't feel well, you should consult a medically trained professional.	1	2	3	4	5	6
f. You are in control of your health.	1	2	3	4	5	6
g. Your family has a lot to do with your becoming sick or staying healthy.	1	2	3	4	5	6
h. When you get sick you are to blame.	1	2	3	4	5	6
i. Luck plays a big part in determining how soon you will recover from an illness.	1	2	3	4	5	6
j. Health professionals control your health.	1	2	3	4	5	6
k. Your good health is largely a matter of good fortune.	1	2	3	4	5	6
l. The main thing which affects your health is what you yourself do.	1	2	3	4	5	6
m. If you take care of yourself you can avoid illness.	1	2	3	4	5	6
n. When you recover from an illness, it's usually because other people (e.g. doctors, nurses, family, friends) have been taking good care of you.	1	2	3	4	5	6
o. No matter what you do, you're likely to get sick.	1	2	3	4	5	6
p. If it's meant to be, you will stay healthy.	1	2	3	4	5	6
q. If you take the right actions, you can stay healthy.	1	2	3	4	5	6
r. Regarding your health, you can only do what your doctor tells you.	1	2	3	4	5	6

7. **When was the last time you consulted a doctor about your own health?**
- |  |   |
|--|---|
|  | Less than 3 months ago - 1              |
|  | 3 months to less than 6 months ago - 2  |
|  | 6 months to less than 12 months ago - 3 |
|  | 12 months ago or more - 4               |
|  | Never/Don't know - 8                    |
- 
8. **Do you visit the dentist regularly for checkups or only when you have a specific problem?**
- |  |                  |
|--|------------------|
|  | Checkup - 1      |
|  | Problems - 2     |
|  | Never visits - 3 |
- 
9. **Have you made any changes to your diet during the past two years?**
- |  |                             |
|--|-----------------------------|
|  | Yes - 1                     |
|  | No - 2 ( <i>Go to Q11</i> ) |
- 
10. **Did you make this change because of a medical condition?**
- |  |         |
|--|---------|
|  | Yes - 1 |
|  | No - 2  |
- 
11. **Do you currently smoke?**
- |  |                              |
|--|------------------------------|
|  | Yes - 1 ( <i>Go to Q13</i> ) |
|  | No - 2                       |
- 
12. **Have you ever smoked regularly?**
- |  |         |
|--|---------|
|  | Yes - 1 |
|  | No - 2  |
- 
13. **Do you regularly exercise or walk for sport, recreation or fitness?**
- |  |                             |
|--|-----------------------------|
|  | Yes - 1                     |
|  | No - 2 ( <i>Go to Q15</i> ) |
- a. **How often do you exercise or walk (for sport, recreation or fitness)?**
- |  |                        |
|--|------------------------|
|  | Every day - 1          |
|  | 4-6 times per week - 2 |
|  | 2-3 times per week - 3 |
|  | Once a week - 4        |
|  | Once a fortnight - 5   |
|  | Once a month - 6       |
|  | Less often - 7         |
- 
14. **In the last twelve months, have you visited a (*read list*)**
- |                        | Yes | No |
|------------------------|-----|----|
| <b>Physiotherapist</b> | 1   | 2  |
| <b>Chiropractor</b>    | 1   | 2  |
| <b>Acupuncturist</b>   | 1   | 2  |
| <b>Naturopath</b>      | 1   | 2  |

15. Now, I have some more statements about your attitudes and feelings about health. Can you tell me if you strongly agree, agree, disagree or strongly disagree?

*Prompt card 3*

	Strongly Agree	Agree	Disagree	Strongly Disagree
a. You sometimes do not see a doctor when you should because it's inconvenient	1	2	3	4
b. A woman with breast cancer is better off if she doesn't know about it	1	2	3	4
c. The main thing which affects people's health is their own lifestyle habits	1	2	3	4
d. You shouldn't go looking for things which might be wrong with your health	1	2	3	4

16. Now, I'd like to talk to you about cancer, as this is often mentioned as a major health concern of women in your age group. I'm going to read you a list of four cancers. Could you tell me which you think is the most common type of cancer amongst women of your age in Australia? (*Read down list and rotate start point: Repeat list if necessary, Don't read out "Don't Know"*)  
 What is the second most common? (*Read list again*)

	Start	Most Common	2nd Most Common
Bowel	1	1	1
Breast	2	2	2
Lung	3	3	3
Cervix	4	4	4
Don't Know	8	8	8

17. The next few questions are specifically about breast cancer because a lot of women mention this as a common health concern. Do you know of any symptoms or signs that might suggest a woman has breast cancer?
- Yes - 1  
No - 2 (Go to Q18)
- a. What are they?  
Prompt: Anything else?  
Code up to 3 responses
- Specify .....
- Lump in the breast - 01  
Bleeding or discharge from nipple \* - 02  
A change like soreness or retraction of nipple \* - 03  
Unexplained change in shape of breast - 04  
Swelling in armpit - 05  
Sore or ulcer on breast that did not heal - 06  
Puckering or dimpling of skin of breast - 07  
Pain in breast/sore breast - 08  
Discolouration on breast - 09  
Other (Specify) - 97
- \* not related to breast feeding
- 
18. (One symptom is a breast lump) Out of every 10 lumps discovered in the breast, how many do you think turn out to be cancer?
- Number |\_\_|  
Don't know - 8
- 
19. When is a woman most at risk of developing breast cancer - When she is in her 40's, when she is in her 50's or when she is in her 60's?
- In her 40's - 1  
In her 50's - 2  
In her 60's - 3  
Don't know - 8
- 
20. How likely do you think it is that you will suffer from breast cancer at some time in your life - very likely, likely, unlikely or very unlikely?
- Prompt card 4
- Very likely - 1  
Likely - 2  
Unlikely - 3  
Very unlikely - 4  
Has had breast cancer - 5  
Don't know - 8
- 
21. About how many women do you think will get breast cancer at some time in their lives: Do you think it is about 1 in 5, 1 in 15, 1 in 35, or 1 in 60?
- Prompt card 5
- 1 in 5 - 1  
1 in 15 - 2  
1 in 35 - 3  
1 in 60 - 4  
Don't know - 8
-

22. Do you think there are any advantages in finding breast cancer while it is still small? Yes - 1  
No - 2 (Go to Q23)
- a. What are they? Rather know I had it - 01  
Live longer - 02  
More likely to be cured - 03  
Cancer less likely to have spread - 04  
Less of breast removed - 05  
Less likely to lose breast - 06  
Less likely to have drugs/radiotherapy - 07  
Get treatment earlier - 08  
Other (Specify) - 97  
Don't know - 98
- Prompt: Anything else?*  
*Code up to 3 responses*
- Specify*  
.....
- 

23. Do you know of any tests or checks that a woman or a doctor can do to see if she has breast cancer? Yes - 1  
No - 2 (Go to Q24)
- a. What are they? Examine own breasts - 01  
Doctor examination - 02  
Mammography (by name) - 03  
Breast X-ray - 04  
Biopsy - 05  
Scan (unspecified) - 07  
Other (Specify) - 97
- Prompt: Anything else?*  
*Code up to 3 responses*
- Specify* .....
- 

24. (Breast x-rays or mammograms are used to detect cancer of the breast) Family or friends - 01  
GP surgery - 02  
GP letter - 03  
Other health profess - 04  
Newspaper - 05  
TV - 06  
Radio - 07  
SABXRS pamphlet (specify where) - 08  
Never heard of them - 96  
Other (Specify) - 97
- Where have you heard about breast x-rays or mammograms?
- Prompt: Anywhere else?*
- Specify* .....
-

25. Do you know of any benefits of having a mammogram? Yes - 1  
No - 2 (Go to Q26)
- a. What are they? Find breast cancer early - 01  
Find lumps you can't feel - 02  
Increase likelihood of cure - 03  
Reduce likelihood of losing breast - 04  
Put mind at rest/peace of mind - 05  
Don't need biopsy - 06  
Other (Specify) - 97
- Prompt: Anything else?*  
*Code up to 3 responses*
- Specify* .....
- 

26. Do you know of any problems with having a mammogram? Yes - 1  
No - 2 (Go to Q27)
- a. What are they? Pain - 01  
Embarrassment - 02  
Cost - 03  
Inconvenience (Specify) - 04  
Time it takes - 05  
Having investigations if something's found - 06  
Doesn't find all cancers - 07  
Finds cancer when you don't have it - 08  
Getting a positive result - 09  
Delay in getting results - 10  
Pushing and shoving - 11  
Too much radiation - 12  
Uncomfortable (not pain) - 13  
Not 100% accurate - 14  
Other - (Specify) - 97
- Prompt: Anything else?*  
*Code up to 3 responses*
- Specify* .....

b. For each problem mentioned ask: How likely would this be to stop you having a/another mammogram. Is that definitely or probably?

Enter Problem code in box

	_ _	_ _	_ _
Definitely would not stop me	1	1	1
Probably wouldn't	2	2	2
Probably would	3	3	3
Definitely would stop me	4	4	4

---

27. Did you know that mammography can detect breast cancer even before a doctor can feel a lump? Yes - 1  
No - 2
-

28. Breast x-rays or mammograms are sometimes used for screening purposes, that is to detect cancer even when there are no apparent symptoms. Have you heard of mammograms being used for screening purposes? Yes - 1  
No - 2

---

29. Do you expect screening by mammography to pick up all breast cancers? Yes - 1 (Go to Q32)  
No - 2

---

30. How many breast cancers out of one hundred do you think mammography misses? Number |\_\_|\_\_|  
Don't Know - 8

---

31. Do you think it is reasonable for mammography to miss (number/% specified) of cancers? Yes - 1  
No - 2  
Don't Know - 8

---

32. For a mammogram a woman needs to undress to the waist. How embarrassing would you find this in the presence of a female radiographer: not at all embarrassing, a little embarrassing, quite embarrassing or extremely embarrassing? Not embarrassing - 1  
Little embarrassing - 2  
Quite embarrassing - 3  
Extremely embarrassing - 4  
*Prompt card 6*

a. What about in front of a male radiographer? Not embarrassing - 1  
Little embarrassing - 2  
Quite embarrassing - 3  
Extremely embarrassing - 4  
*(repeat categories if necessary)*

---

33. I am now going to read some statements about mammography and breast cancer. Can you tell me if you strongly agree, agree, disagree or strongly disagree? Strongly Agree    Agree    Disagree    Strongly Disagree  
*Prompt card 3*

	Strongly Agree	Agree	Disagree	Strongly Disagree
a. I don't need a mammogram because I have no symptoms	1	2	3	4
b. I'd be embarrassed about having a mammogram	1	2	3	4
c. It's too much trouble, I don't have time for one	1	2	3	4
d. I'd rather not think about it	1	2	3	4
e. I'm worried about radiation	1	2	3	4

		Strongly Agree	Agree	Disagree	Strongly Disagree
f.	Having a mammogram would be inconvenient	1	2	3	4
g.	Having a mammogram would be painful	1	2	3	4
h.	I am concerned about the accuracy of mammography in detecting cancer	1	2	3	4
i.	Even if cancer is found early, removal of the breast is the only treatment for breast cancer	1	2	3	4
j.	Finding breast cancer early could save a woman's life	1	2	3	4
k.	It is very important for women of my age to have a screening mammogram	1	2	3	4
l.	Having screening mammograms can save women's lives	1	2	3	4
m.	Having screening tests such as mammograms is like asking for trouble	1	2	3	4
n.	Having a screening mammogram seems like more trouble than it is worth	1	2	3	4

---

34. Among any group of women who have screening mammograms, i.e. mammograms performed when there are no symptoms, a certain number are asked to come back for further tests. Did you know this?

Yes - 1  
No - 2 (Go to Q36)

---

35. Do you think this necessarily means they have breast cancer?

Yes - 1  
No - 2

---

36. Have you spent any time at all thinking about breast cancer in the last 12 months?

Yes - 1  
No - 2 (Go to Q38)

---

37. In the last 12 months have thought about it a lot of the time, some of the time, occasionally or rarely?

A lot of the time - 1  
Some of the time - 2  
Occasionally - 3  
Rarely - 4

---

38. This question is a little bit different. In the last 12 months have you been at all concerned about the possibility that you may get breast cancer? Yes - 1  
No - 2 (Go to Q40)

---

39. Have you spoken to a doctor or other health professional about this concern? Yes - 1  
No - 2

---

40. Has a doctor ever suggested to you:

a. that you have a mammogram? Yes - 1  
No - 2

b. that you don't need a mammogram? Yes - 1  
No - 2

---

*IF YES TO PART a ASK Q41, OTHERWISE GO TO Q42*

---

41. Did your doctor suggest you have a mammogram during a visit to his/her surgery or was it in some other way? Surgery - 1  
GP Letter - 2  
Other (Specify) - 7

Specify .....

---

42. (Apart from your doctor) Has anyone else ever suggested to you that you should have a mammogram? *If Yes, Who?* No-one - 01  
Spouse - 02  
Child - 03  
Other Relatives - 04  
Friend - 05  
Other health profess - 06  
Other (specify) - 97

Specify .....

---

43. If your doctor recommended that you have a mammogram just as a checkup, how likely would you be to have one? *Ask: Is that definitely or probably?* Definitely would - 1  
Probably would - 2  
Probably not - 3  
Definitely not - 4  
Don't know - 8

*Checkup means no symptoms, nothing seems to be wrong.*

---

44. Have you ever had a mammogram? Yes - 1  
No - 2 (Go to Q60)

---

45. When did you have your last mammogram? mm yy | \_ | \_ | \_ | \_ |

---

46. Why did you have your last mammogram? Symptoms present - 1  
Family history of breast cancer - 2  
Had breast cancer in the past - 3  
Other check up/ screening - 4

---

47. Who suggested that you have this last mammogram? Self initiated - 1  
Doctor letter - 2  
Doctor other - 3  
Other (Specify) - 7  
*Specify* .....

---

48. Did you make a special trip to the doctor to get a referral? (ie one you wouldn't have made otherwise) Yes - 1  
No - 2

---

49. Where did you have your last mammogram? TQEH - SABXRS - 01  
TQEH - other - 02  
RAH - SABXRS - 03  
RAH - other - 04  
FMC - SABXRS - 05  
FMC - other - 06  
Lyll McEwin - 07  
Private/community hospital or private radiologist's rooms - 08

---

50. How far did you travel to have the mammogram? kilometers |\_|\_|  
*If unable to estimate distance, specify start and finish location*  
*Specify*  
.....

---

51. How long did the whole trip take (one way)? minutes |\_|\_|\_|

---

52. How did you get there? Self drive - 1  
Other drive - 2  
Public transport - 3  
Taxi - 4  
Other(specify) - 7  
*Specify* .....

---

53. How long did you spend at the clinic? minutes |\_|\_|\_|

---

54. Did you lose pay or did you have to make up time at work to attend? Yes - 1  
No - 2  
Doesn't work - 3

- 
55. How much did you have to pay out of your own pocket for the mammogram?
- nothing - 01
  - \$0 - \$9 - 02
  - \$10 - \$19 - 03
  - \$20 - \$29 - 04
  - \$30 - \$39 - 05
  - \$40 - \$49 - 06
  - \$50 - \$69 - 07
  - \$70 - \$100 - 08
  - over \$100 - 09
- 

*IF LAST MAMMOGRAM DIAGNOSTIC (ie symptoms present in Q46) ASK Q56, OTHERWISE GO TO Q58*

---

56. Have you ever had a screening mammogram, ie when there are no apparent symptoms?
- Yes - 1
  - No - 2 (Go to Q 58)
- 

57. When was the last time you had a screening mammogram?
- Up to 12 months - 1
  - 12 months to less than 2 years - 2
  - 2 years to less than 5 years - 3
  - 5 years or more - 4
- 

58. Would you have another mammogram?
- Specify .....
- Yes - 1 (Go to Q60)
  - Only if doctor suggested it - 2
  - Only if had symptoms - 3
  - No - 4
  - Other (specify) - 7
  - Not sure - 8
- 

59. Why don't you want another mammogram?
- Pain - 01
  - Embarrassment - 02
  - Cost - 03
  - Inconvenience (Specify) - 04
  - Time it takes - 05
  - Having further tests if something's found - 06
  - Doesn't find all cancers - 07
  - Finds cancer when you don't have it - 08
  - Getting positive results - 09
  - Delay in getting results - 10
  - Pushing and shoving - 11
  - Other (Specify) - 97
- 

60. Do you know any (other) women who have had a mammogram?
- Yes - 1
  - No - 2
-

61. Who, if anyone, would influence you in deciding whether or not you would have a mammogram?
- No-one - 01  
 Doctor - 02  
 Husband - 03  
 Children - 04  
 Other relative - 05  
 Friend - 06  
 Other (*specify*) - 97
- Specify* .....
- 

62. The South Australian Breast X-Ray service offers free screening mammograms to women in South Australia. Where have you read or heard about the Breast X-Ray Service?  
*Code all sources, then ask: What was your main source of information?*
- Statewide newspaper - 01  
 Local newspaper - 02  
 Other/specialty paper - 03  
 Magazine - 04  
 Radio - 05  
 Television - 06  
 GP - letter - 07  
 GP - other - 08  
 Friend/Relative - 09  
 Anti-Cancer Foundation - 10  
 Health Centre - 11  
 SABXRS Pamphlet  
 (*specify where*) - 12  
 Other (*specify*) - 97
- Specify* .....
- Main source* |\_\_|\_\_|
- 

63. Do you know where the screening clinics are located?
- Knows one - 1  
 Knows two - 2  
 Knows all three - 3  
 All locations given  
 incorrect - 4  
 Don't Know - 8
- PROMPT:** Can you tell me the locations?
- Interviewer: Circle clinics known, note any others mentioned*

*QEH                  RAH                  FMC*

---

---

IF LAST MAMMOGRAM WITH SABXRS (ie code 1, 3 or 5 in Q49) GO TO Q65, OTHERWISE ASK Q64

---

64. **Why haven't you used this Service?**  
*Code all reasons then ask: What is the main reason you haven't used this Service?*

*Specify* .....

- Failed/unable to keep appt - 01
- Not eligible - 02
- Prefer private practice - 03
- Under private care for breast problem - 04
- Needs/wants annual mammogram - 05
- Too far to travel - 06
- Difficult to get to - 07
- Too busy/haven't got around to it - 08
- Not referred/encouraged - 09
- Don't need it/not necessary - 10
- Other (*Specify*) - 97
- Don't Know - 98

*Main reason* |\_\_|\_\_|

---

65. **Do you think you will have a mammogram with the SA Breast X-Ray Service within the next two years?**

*Prompt: Is that definitely or probably?*

- Definitely will - 1 (*Go to Q68*)
  - Probably will - 2 (*Go to Q67*)
  - Probably won't - 3
  - Definitely won't - 4
- 

66. **Why don't you think you will have a mammogram with the SABXRS within the next two years?**

*Specify* .....

- Don't need mammogram - 01
  - Don't like tests in general - 02
  - Can't cure it so no point finding it - 03
  - Don't like x-rays - 04
  - Mammogram would hurt - 05
  - Mammogram would be embarrassing - 06
  - Wouldn't like to undress - 07
  - Scared that something might be found - 08
  - Too much trouble - 09
  - Too busy - 10
  - Needs/wants annual mammogram - 11
  - Under private care for breast problems - 12
  - Other (*Specify*) - 97
-

**67. What are the reasons most likely to prompt you to attend the SA Breast X-Ray Service?**

*Specify* .....

- Nothing could encourage me - 01 (Go to Q69)
- If referred by doctor - 02
- Symptoms/troubles - 03
- Free mammogram - 04
- Wouldn't take long - 05
- More information (Specify) - 06
- If invited in (Who?) - 07
- If I could just drop in - 08
- No need for doctor's referral - 09
- If friend/relative encouraged - 10
- Closer to home - 11
- If more convenient (Specify) - 12
- Preventative/check-up - 13
- If shorter waiting time - 14
- Female Radiographer - 15
- Other (Specify) - 97

**68. What time would suit you best, if you wanted to have a screening mammogram?**

*Specify* .....

- Weekday morning - 1
- Weekday afternoon - 2
- Weekday evening - 3
- Saturday morning - 4
- Anytime - 5
- Other (Specify) - 7

**69. Do you intend to have a mammogram somewhere else within the next two years?**

- Yes - 1
- No - 2
- Don't know - 8

*IF DEFINITELY WOULD NOT HAVE ANOTHER MAMMOGRAM, SKIP Q70*

**70. How much, if anything, would you be prepared to pay out of your own pocket to have a screening mammogram?**

- Nothing - 01
- 1-10 dollars - 02
- 11-20 dollars - 03
- 21-30 dollars - 04
- 31-40 dollars - 05
- 41-50 dollars - 06
- 51-70 dollars - 07
- 71-100 dollars - 08
- over 100 dollars - 09
- Don't know - 98

*IF GP INVITEE GO TO Q73*

71. Have you ever had an appointment with the SA Breast X-Ray Service that you were unable to keep? Yes - 1  
No - 2 (Go to Q82)

72. Can you tell me the reason you were unable to keep the appointment?

Specify .....

|\_|\_|

NOW GO TO Q82

73. I believe that the doctors from (specify clinic) sent you a letter inviting you to have a screening mammogram with the SA Breast X-Ray Service. Do you remember receiving the letter? Show letter if necessary Yes - 1  
No - 2

74. Were you able to keep this appointment? Yes - 1 (Go to Q77)  
No - 2

75. Can you tell me the reason/s you were unable to keep this appointment?  
Code all reasons then ask: What is the main reason?

- Had previous mammogram - 01
- Had breast cancer - 02
- Doctor sends privately - 03
- Prefers private - 04
- Away/holidays - 05
- Illness - 06
- Could not arrange suitable time - 07
- Forgot - 08
- Went on wrong day - 09
- Went to wrong place - 10
- Late for appointment - 11
- Prefers/needs annual mammogram - 12
- Other (specify) - 97

Specify .....

Main reason |\_|\_|

76. Were there any reasons you thought you shouldn't go? Yes - 1  
No - 2 (Go to Q77)

a. What were they?

|\_|\_|

Specify .....

77. Do you consider yourself to be a patient of that practice? Yes - 1  
No - 2 (Go to 79)

---

78. Is that the only practice you visit when you need a doctor or do you also visit a doctor somewhere else? Only practice - 1  
Somewhere else - 2

---

79. At the time of receiving the invitation, would you have liked more information about the Service or about mammography? Yes (Specify) - 1  
No - 2

Specify .....

---

80. Had you heard of the SA Breast X-Ray Service before receiving the letter? Yes - 1  
No - 2

---

81. Were you happy about the doctor making an appointment for you? Yes - 1 (Go to Q82)  
No - 2

a. Why weren't you happy about this?

Specify .....

|||

.....

---

82. Do you think it's part of a doctors job to tell patients about new health services like the SA Breast X-Ray Service? Yes - 1  
No - 2

---

83. Do you think it is a good idea for all women to receive a personal invitation to attend the SA Breast X-Ray Service? Yes - 1  
No - 2

a. Why is that?

Specify .....

|||

.....

---

84. Would you be happy if your name was selected from the electoral roll and you were sent an invitation direct from the SA Breast X-Ray Service? Yes - 1  
No - 2

a. Why do you think that?

Specify .....

|||

.....

---

85. Do you have any suggestions about how more women could be encouraged to go to the SA Breast X-Ray Service? Yes (specify) - 1  
No - 2

Specify ..... | | | |  
.....

IF DEFINITELY WOULD NOT HAVE MAMMOGRAM, GO TO Q91

86. The SA Breast X-Ray Service runs clinics at the following places. If you were to use this Service, which clinic would you attend? Show prompt card 7  
TQEH - 1  
RAH - 2  
FMC - 3  
Lyell McEwin - 4  
Wayville - 5  
Definitely would not use - 6 (Go to Q91)

87. Suppose you were to use the service at (clinic mentioned), how difficult would it be for you to get there: very difficult, quite difficult, a little difficult or not difficult at all? Prompt card 8  
Very difficult - 1  
Quite difficult - 2  
A little difficult - 3  
Not difficult at all - 4 (Go to Q88)

a. Why would it be difficult for you?  
Specify ..... | | | |

88. How would you get there?  
Specify ..... Self drive - 1  
Other drive - 2  
Public transport - 3  
Taxi - 4  
Other (specify) - 7

89. How long would it take you to get there? (one way) minutes | | | |

90. Would you lose pay or would you have to make up time at work to attend during the day?  
Yes - 1  
No - 2  
Does not work - 3

91. The SABXRS is also planning to open new clinics. Where do you think they should be located?

.....

.....

.....

92. Have you ever had a lump in either breast? Yes - 1  
No - 2 (Go to Q95)

93. Have you had a lump in either breast in the last 12 months? Yes - 1  
No - 2 (Go to Q95)

94. Did you have it examined by a doctor? Yes - 1  
No - 2

95. Have you ever had breast cancer? Yes - 1  
No - 2 (Go to Q98)

96. How old were you when your cancer was first diagnosed? Age (years) |\_|\_|

97. How is it now? Cured/no recurrence yet - 1  
Recurred/still being treated - 2  
Other(Specify) - 7

Specify .....

98. Has anyone you know personally had breast cancer? Yes - 1  
No - 2 (Go to Q101)

- a. What is your relationship to her? Mother - 01  
Sister - 02  
Daughter - 03  
Grandmother - 04  
Granddaughter - 05  
Aunt - 06  
Other relative - 07  
Close friend - 08  
Acquaintance - 09  
Workmate - 10  
Other - 97
- For each person with cancer (up to 3 people), record relationship to respondent and ask Q99 & Q100 - if more than 3 take the 3 "closest to you".*

99. What happened with your (*person's relationship*)'s breast cancer? *Prompt: How is she now?*

*Enter person code in box*

|\_|\_| |\_|\_| |\_|\_|

Cured/no recurrence yet - remission	1	1	1
Recurred/still being treated	2	2	2
Died from breast cancer	3	3	3
Died from something else	4	4	4
Other ( <i>Specify</i> )	5	5	5
Don't know	8	8	8

100. How close were/are you? (at the time she had cancer): not very close, quite close or extremely close?

*Enter person code in box*

|\_|\_| |\_|\_| |\_|\_|

Not very close	1	1	1
Quite close	2	2	2
Extremely close	3	3	3

101. Now I'd like to talk about breast self examination. This is when a woman examines her own breasts to check for lumps. Have you ever examined your own breasts for lumps?

Yes - 1  
No - 2 (*Go to Q103*)

102. In the last 12 months, about how many times, if at all, have you done breast self examination?

Times |\_|\_|

103. Have you ever had your breasts checked by a doctor or other health professional, eg a nurse?

Yes - 1  
No - 2 (*Go to Q104*)

a. When was the last time?

mm yy |\_|\_|\_|\_|

104. Another type of screening which is often done is the Pap Smear test. This is a routine test recommended for all women to prevent cancer of the cervix or neck of the womb.

Before today had you ever heard of the Pap smear test?

Yes - 1  
No - 2 (*Go to Q108*)

105. Have you ever had one? Yes - 1  
No - 2 (Go to Q108)

---

106. About how long ago did you have your last Pap smear test? (Probe as necessary)

Less than 6 months ago - 1  
6 to 11 months ago - 2  
12 to 23 months ago - 3  
2 years but less than 3 - 4  
3 to 5 years ago - 5  
Over 5 years ago - 6  
Not sure - 8

---

107. Did you ask for the last test to be done, or did a doctor suggest it? Asked - 1  
Doctor suggest - 2

---

108. Now I have some questions about your child-bearing history. How many children have you given birth to? Number |\_|\_|

---

109. Have you had a hysterectomy - (that is, the removal of your uterus or womb by surgery)? Yes - 1  
No - 2 (Go to Q111)

---

110. About how old were you when you had this done? Years |\_|\_|

---

111. Have you been, or are you going through the menopause/ (change of life)? Been through - 1  
Going through - 2 (Go to Q113)  
No - 3 (Go to Q113)

---

*IF HAD HYSTERECTOMY GO TO Q113*

---

112. How old were you when your periods stopped? Age (years) |\_|\_|

---

113. About how old were you when you first got your periods? Age (years) |\_|\_|

---

**Now, some general questions**

114. What is your date of birth? ddmmyy|\_|\_|\_|\_|\_|\_|\_|

---

115. What is your country of birth?

*Specify* .....

- Australia - 01
  - UK and Ireland - 02
  - Italy - 03
  - Greece - 04
  - Yugoslavia - 05
  - Holland - 06
  - Germany - 07
  - New Zealand - 08
  - Other (*Specify*) - 97
- 

116. Do you speak a language other than English at home?

a. What is it?

*Specify* .....

- Yes - 1
  - No - 2 (*Go to Q117*)
  - Italian - 01
  - Greek - 02
  - Cantonese - 03
  - Mandarin - 04
  - German - 05
  - Arabic - 06
  - Other (*specify*) - 97
-

117. How many people live here?

|||

a. What is their relationship to you?  
Enter number of people in each category

Husband	
Sons	
Daughters	
Mother	
Father	
Other relative	
Other	

118. What is your marital status?

Never married	- 1
Married	- 2
Defacto	- 3
Separated	- 4
Divorced	- 5
Widowed	- 6

IF MARRIED/DEFACTO ASK Q119, OTHERWISE GO TO Q 120

119. Would you say you can count on your partner for emotional support when you need it?

Yes	- 1
No	- 2

120. From all the people you know, including your (partner), relatives and friends is there any one special person that you feel very close to - someone you share your confidences and feelings with, someone you feel you can depend on?

Yes	- 1
No	- 2 (Go to Q121)

a. Who is that?

Husband	- 01
Sister	- 02
Brother	- 03
Daughter	- 04
Son	- 05
Other relative	- 06
Friend	- 07
Other (specify)	- 97

Specify

.....

**121.** The next few statements are about how you feel generally about life. Please choose the category from this card that shows how often you feel that the statement is true for you.

Almost Always True	Often True	Some- times True	Not Often True	Never True
--------------------------	---------------	------------------------	----------------------	---------------

*Show prompt card 9*

- |    |   |   |   |   |   |   |
|----|---|---|---|---|---|---|
| a. | <b>You feel that you are a person of worth, at least on an equal plane with others.</b> | 1 | 2 | 3 | 4 | 5 |
| b. | <b>You feel that you have a number of good qualities.</b>                               | 1 | 2 | 3 | 4 | 5 |
| c. | <b>You are able to do things as well as most other people.</b>                          | 1 | 2 | 3 | 4 | 5 |
| d. | <b>You feel that you do not have much to be proud of.</b>                               | 1 | 2 | 3 | 4 | 5 |
| e. | <b>You take a positive attitude towards yourself.</b>                                   | 1 | 2 | 3 | 4 | 5 |
| f. | <b>You think you are no good at all.</b>  | 1 | 2 | 3 | 4 | 5 |

| j. | <b>You feel that your life is not very useful.</b>                                      | 1 | 2 | 3 | 4 | 5 |

**Finally, some questions about your schooling and employment**

**122.** Do you belong to any community, sporting or recreation organizations? Yes - 1  
No - 2

**123.** Do you do any volunteer work? Yes - 1  
No - 2

*IF NO BOTH Q 122 & Q123 GO TO Q125*

**124. About how many hours a week in total are you involved in clubs, organisations or volunteer work?**  
*Prompt: What clubs/organisations do you belong to/work for?*

*Specify main three*

.....  
 .....  
 .....

Hours      |\_|\_|

**125. How difficult would you find it to get away from any commitments you might have during the day?**  
*Prompt card 8*  
*(probe as necessary)*

- Very difficult - 1
- Quite difficult - 2
- Not very difficult - 3
- Not difficult at all - 4

**126. Do you have access to a car during the day?**

- Yes - 1
- No - 2 (*Go to Q128*)

**127. How often do you have access to it?**

- All the time - 1
- Most of the time - 2
- Whenever I need it - 3
- Sometimes during the day - 4
- Have someone to drive me - 5
- Other (*Specify*) - 8

*Specify*.....

**128. How difficult do you find it, for any reason, to use public transport?**  
*Prompt card 8*

- Very difficult - 1
- Quite difficult - 2
- Not very difficult - 3
- Not difficult at all - 4
- Don't use - 5

**129. How old were you when you left school?**

Never went to school - 01  
 Years      |\_|\_|

**130. Since leaving school have you obtained a trade qualification, certificate, diploma, degree, or any other qualification?**

- Yes - 1
- No - 2 (*Go to Q132*)

131. Which of these groups best describes the highest qualification you have obtained?

Prompt card 10

Specify .....

- Bachelor degree or higher - 1
- Trade qualification/Apprenticeship - 2
- Certificate or diploma - 3
- Secondary school - 4
- Other (specify) - 7

132. What is your employment situation at present?

- Employed FT - 1
- Employed PT - 2
- Retired - 3 (Go to Q134)
- Houseduties - 4 (Go to Q134)
- Unemployed - 5 (Go to Q134)
- Other - 6 (Go to Q134)

133. In the main job held last week, how many hours did you work?

- None - 1
- 1-15 Hours - 2
- 16-24 Hours - 3
- 25-34 Hours - 4
- 35-39 Hours - 5
- 40 Hours - 6
- 41-48 Hours - 7
- 49 Hours or more - 8

134. Can you please tell me what your main lifetime occupation is/was?

Probe as necessary

|\_|\_|\_|

.....

IF NEVER MARRIED GO TO Q136

135. Can you please tell me what your husband's/partner's main lifetime occupation is/was?

Probe as necessary

|\_|\_|\_|

.....

136. What is your (and your husband's/partner's) main source of income?

- Wages and Salary - 1
- Own business or share in partnership - 2
- Superannuation - 3
- Govt pension - 4
- Interest, dividends, rent - 5
- No income - 6
- Other - 7

---

137. In which of these groups does your (combined) income fall?

1 2 3 4

*Prompt card 11*

---

138. What is your religion, if any?

- Anglican - 1
- Catholic - 2
- Orthodox - 3
- Uniting Church - 4
- Church of England - 5
- Other (specify) - 7

*Specify* .....

---

139. That's all the questions I have to ask you. Do you have any other comments or suggestions on women's health issues?

.....

.....

.....

.....

---

## GLOSSARY OF ABBREVIATIONS

ABS	Australian Bureau of Statistics
ACT	Australian Capital Territory (Territory of Australia)
AHMAC	Australian Health Ministers Advisory Council
AIH	Australian Institute of Health
ASD	Adelaide Statistical Division
ER	Electoral Roll
FTA	Fail to Attend
GP	General Practitioner (Medical doctor)
HBM	Health Belief Model
HFA	Health for All
NCI	National Cancer Institute (US)
NHMRC	National Health & Medical Research Council
NPEDBC	National Program for the Early Detection of Breast Cancer
NSW	New South Wales (State of Australia)
NT	Northern Territory (Territory of Australia)
OR	Odds Ratio
QLD	Queensland (State of Australia)
SA	South Australia (State of Australia)
SABXRS	South Australian Breast X-Ray Service
SACR	South Australian Cancer Registry
SAHC	South Australian Health Commission
SEER	US National Cancer Institute's Surveillance, Epidemiology and End Results Program
SECU	Screening Evaluation Coordination Unit
SLA	Statistical Local Area
TAS	Tasmania (State of Australia)
TRA	Theory of Reasoned Action
UK	United Kingdom
US	United States of America
VIC	Victoria (State of Australia)
WA	Western Australia (State of Australia)
