Dear Dr. Hurst,

Thank you for your letter of February 3rd about ^{the} session at
Llangow and your proposal for ^a talk ^{on Darwin's influence} ~~of Darwinism~~ on the study
of ~~man~~ Man.

It is most kind of you to invite me, but there is a man ~~of~~ with
better qualifications, J. A. Prager Roberts, who is now, I believe,
President of the Royal Anthropological Institute.

Sincerely yours,
